INTRODUCTION

The Office of Deaf Access (ODA) was created in 1980 to administer the state’s Deaf Access Program (DAP) which ensures that state-operated public programs address the communication needs of people who are deaf, deaf-blind, hard of hearing and late-deafened. In keeping with this mission, the ODA has created this directory to provide information and referral resources which serve the deaf and hard of hearing communities.

This directory is intended to be used as a guide for individuals who are deaf, hard of hearing, deaf-blind and late deafened, as well as by parents, advocates, state agencies, educators, service providers or anyone who has an interest in hearing loss. It provides contact information for programs and services within California and the United States. Within the directory, you will find contact information and many website links to various public and private entities.

If you have any comments, additions, omissions, changes or corrections, please notify our office immediately so that we may keep our website updated and current. Any questions or comments should be directed to:

California Department of Social Services Office of Deaf Access
744 P Street, MS 8-16-91
Sacramento, CA  95814
(916) 653-8320 (Voice)
(916) 653-7651 (TTY)
(916) 653-4001 (Fax)
Website:  www.cdss.ca.gov/cdssweb/PG145.htm
E-mail:  deaf.access@dss.ca.gov

A complete evaluation of the resources in this directory has not been executed and the inclusion in this directory does not necessarily imply endorsement of the agency or services by the Office of Deaf Access (ODA) or the California Department of Social Services. The exclusion of any agency or organization is not intentional. Any reproduction of this directory will acknowledge ODA as the resource.
ADVOCACY RESOURCES

ADVOCACY COUNCIL FOR ABUSED DEAF CHILDREN (ACADC)
c/o Five Acres (refer to the “Counseling and Rehabilitation Services” section)
Five Acres - The Boys’ and Girls’ Aid Society of Los Angeles County
760 West Mountain View Street
Altadena, CA 91001
(626) 798-6793, ext. 3165 (Voice)
(626) 204-1375 (TTY)
Website: www.acadcdeaf.org
E-mail: akay@5acres.org

The ACADC was created to prevent the abuse of deaf children and to promote the development of appropriate and quality treatment resources for families with a deaf family member. Five Acres’ Deaf Perinatal Services is a home visitation program free to all pregnant deaf women and deaf parents of infants and children under five in Los Angeles County. A professional visiting nurse or child development specialist provides assistance and instruction in American Sign Language for infant care, well-baby care and assessment, child development and family support and advocacy.

THE AMERICAN ASSOCIATION OF PEOPLE WITH DISABILITIES (AAPD)
2013 H Street, NW, 5th Floor
Washington, DC 20006
(202) 457-0046 (Voice/TTY)
(800) 840-8844 (Voice/TTY)
(202) 457-0473 (Fax)
Website: www.aapd.com
E-mail: aapdmemberservices@earthlink.net

The AAPD is the largest national, nonprofit, cross-disability, member organization in the United States. This organization is dedicated to ensuring economic self-sufficiency and political empowerment for the more than 50 million Americans with disabilities. AAPD works in coalition with other disability organizations for the full implementation and enforcement of disability nondiscrimination laws, particularly the Americans with Disabilities Act (ADA) of 1990 and the Rehabilitation Act of 1973.

ADA INTERAGENCY TASKFORCE
Website: www.disabilityaccessinfo.ca.gov/services.htm

In order to share and coordinate information about disability access issues among key state departments, the Americans with Disabilities Act (ADA) Interagency Taskforce (TF) was created in October of 2000. Its charge was to make recommendations on the allocation of one-time funds to increase architectural accessibility in state owned buildings and to develop a plan to identify any unmet access needs and recommend methods for meeting such needs. In addition to this website, the ADA TF has
developed a series of bulletins addressing a variety of access issues, particularly for state government in California.

CALIFORNIA DISABILITY ACCESS INFORMATION WEBSITE
Website:  www.disabilityaccessinfo.ca.gov

The purpose of this site is to provide information and links on the major laws, regulations and areas of interest regarding disability rights and access for Californians with disabilities and other interested persons. You will find references to laws, resources for services and referrals to organizations that can help with access concerns.

CALIFORNIANS FOR DISABILITY RIGHTS (CDR)
909 12th Street, Suite 200
Sacramento, CA  95814
(800) 838-9237
(916) 447-2237
Website:  www.disabilityrights-cdr.org
E-mail:  cdr4info@yahoo.com

CDR is an advocacy organization of persons with disabilities in California. Originally organized in 1970 as the California Association of the Physically Handicapped--CAPH--with five members, CDR has grown to become an effective and widely respected cross-disability advocacy force. CDR represents all persons with disabilities in California and is guided by this trans-disability principle. Its members fight for the independence, dignity and equality of all disabled persons.

DISABILITY RIGHTS ADVOCATES (DRA)
2001 Center Street, 4th Floor
Berkeley, CA  94704
(510) 665-8644 (Voice)
(510) 665-8511 (Fax)
(510) 665-8716 (TTY)
Website:  www.dralegal.org
E-mail:  general@dralegal.org

Disability Rights Advocates (DRA) is a non-profit law firm dedicated to protecting and advancing the civil rights of people with disabilities. DRA advocates for disability rights through high-impact litigation, as well as research and education at no charge to their clients.

DISABILITY RIGHTS CALIFORNIA
Formerly Protection and Advocacy, Inc.
Administrative Offices
1831 K Street
Sacramento, CA  95811
(916) 504-5800 (Voice)
Disability Rights California serves Californians with a wide range of disabilities including: cognitive, mental, sensory and physical disabilities. This is achieved by guarding against abuse; advocating for basic rights; and ensuring accountability in health care, education, employment, housing, transportation and within the juvenile and criminal justice systems.

FEDERAL COMMUNICATIONS COMMISSION (FCC)
Disability Rights Office
445 12th Street, SW
Washington, DC 20554
(888) 225-5322 (Voice)
(888) 835-5322 (TTY)
(866) 418-0232 (Fax)
Website: www.fcc.gov/cgb/dro
E-mail: fccinfo@fcc.gov

The Disability Rights Office at the FCC ensures that people with disabilities get the same opportunities as others in telecommunications issues. Information regarding: public notices and orders, telecommunication relay services, regulation of telecommunication manufacturers and service providers, closed captioning, access to emergency information on television, Section 504 of the Rehabilitation Act of 1973 (this national law protects persons with disabilities against discrimination), and other topics is available through this office. When experiencing a problem with a telephone company or other company providing telephone-related services, the FCC is the place to file a formal complaint. You can find information on filing a complaint at: esupport.fcc.gov/complaints.htm.

HEALTH RIGHTS HOTLINE
519 12th Street
Sacramento, CA 95814
(916) 551-2150 (Voice)
(888) 354-4474 (Voice)
(916) 551-2180 (TTY)
Website: http://Health.lsnc.net//

The Health Rights Hotline provides free assistance and information about your rights in health care. This information pertains to residents of El Dorado, Placer, Sacramento and Yolo counties in California. The site provides some general information about your rights as a health care consumer.
This handbook discusses both California and federal laws that protect the rights of individuals with disabilities. California and federal law should be examined together to get a complete picture of the law on a particular topic. In some areas, California law provides more legal protection or is more comprehensive; in other areas, federal law is more helpful. At the end of the handbook, there is a Directory of Services that lists the type of complaint or lawsuit to be filed and the appropriate agency at which to file that complaint.

LET THEM HEAR FOUNDATION
Insurance Advocacy Program
1900 University Avenue, Suite 101
East Palo Alto, CA 94303
(650) 462-3143
(650) 462-3144 (Fax)
Website: www.letthemhear.org

This nationwide insurance advocacy program assists people in appealing denial of services, free of charge. Appeal support is provided for: cochlear implants (single or bilateral), bone-anchored hearing aid implantation, conventional hearing aids, balance disorders, and other hearing related surgeries.
ASSISTANCE DOGS: GUIDE, SIGNAL AND SERVICE DOGS

Assistance animals are individually trained to perform tasks for people with disabilities, such as: guiding people who are blind (guide dogs), alerting people who are deaf (signal dogs) and alerting people who have seizures, etc. (service dogs). Under the Americans with Disabilities Act, businesses and organizations that serve the public must allow people with disabilities to bring their assistance animals into all areas of public facilities. Businesses may ask if the animal is an assistance animal or what task it performs, but cannot require special identification cards for the animal or ask about the person’s disability. Listed below are a number of schools and organizations that may help in locating appropriately trained assistance dogs.

ASSISTANCE DOG SPECIAL ALLOWANCE PROGRAM (ADSA)
California Department of Social Services
744 P Street, MS 8-16-94
Sacramento, CA  95814
(916) 657-2628 (Voice)
(916) 653-7651 (TTY)
Website:  www.cdss.ca.gov/cdssweb/pg82.htm

The ADSA program provides a monthly payment to eligible persons who use a guide, signal, or service dog to help with needs related to their physical disabilities. The allowance is to help pay the cost of food, grooming and health care for the dog.

ASSISTANCE DOGS INTERNATIONAL
Website:  www.adionline.org

Assistance Dogs International, Inc. is a coalition of not for profit organizations that trains and places assistance dogs. The types of dogs trained are service dogs.

BERGIN UNIVERSITY OF CANINE STUDIES
Assistance Dog Institute
5860 Labath Avenue
Rohnert Park, CA  94928
(707) 545-3647 (545-DOGS)
Website:  berginu.org
E-mail:  info@berginu.edu

Dr. Bonita Bergin invented the concept of the Service Dog to assist people with mobility impairments in 1975. The university pursues its mission of "advancing the human-canine partnership through research and education.” This is the only university offering Master of Science and Associate of Science degrees in dog studies. The types of dogs trained are service dogs.
The Board licenses and regulates schools and persons in California that train and supply guide dogs for the blind. The Board also oversees fundraising practices.

**CANINE COMPANIONS FOR INDEPENDENCE**
P.O. Box 446
Santa Rosa, CA  95402
(800) 572-2275
(866) 224-3647 (National Headquarters)
Website:  [www.cci.org](http://www.cci.org)

*Northwest Regional Center*
2965 Dutton Avenue
Santa Rosa, CA  95407
(800) 572-2275
(707) 577-1756 (TTY)

*Southwest Regional Center*
124 Rancho del Oro Drive
Oceanside, CA  92057
(800) 572-2275
(760) 901-4300
(760) 901-4326 (TTY)

Canine Companions for Independence is a national nonprofit organization that enhances the lives of people with disabilities by providing highly-trained assistance and hearing dogs and ongoing support to ensure quality partnerships. The types of dogs trained are service and hearing dogs.

**DISCOVERY DOGS**
P.O. Box 582
Roseville, CA  95661
(916) 295-1828
(916) 520-3880 (Fax)
Website:  [www.discoverydogs.org](http://www.discoverydogs.org)
E-mail:  info@DiscoveryDogs.org

Discovery Dogs trains hearing and service dogs for individuals.
DOGS FOR THE DEAF
10175 Wheeler Road
Central Point, OR 97502
(541) 826-9220 (Voice/TTY)
Website: www.dogsforthedead.org
E-mail: info@dogsforthedead.org

Dogs for the Deaf provides small to medium sized animals which are chosen from adoption shelters to provide services to persons who are deaf.

EYE DOG FOUNDATION FOR THE BLIND, INC.
P.O. Box 519
Claremont, CA 91711
(800) 393-3641
(909) 626-8131
Website: www.eyedogfoundation.org

Eye Dog Foundation for the Blind trains guide dogs for individuals.

GUIDE DOGS FOR THE BLIND, INC.
P.O. Box 151200
San Rafael, CA 94915
(415) 499-4000 (California Campus)

(858) 461-6846 (Fax)  
Website: [tenderlovingcanines.org](http://tenderlovingcanines.org)  
Email: info@TLCAD.org

Tender Loving Canines Assistance Dogs trains service dogs for individuals in the San Diego county area.
ASSISTIVE TECHNOLOGY

Hearing loss may interfere with daily communication on many occasions. A hearing aid may be of benefit to certain people, but some situations may still present a problem which could require additional assistive technology. It might be difficult listening in a noisy restaurant or in a business meeting where the speaker is at a distance from the listener. The telephone can present a special problem where even a hearing aid may not be of any help. Doorbells or safety alarms with flashing lights or strobe lights are other assistive devices which can be particularly helpful. There are many assistive communication devices available for persons with hearing loss and a primary resource for assistive technology information is ATNetwork. The contact information for this organization and others are listed below.

ATNETWORK
The Alliance for Technology Access (ATNetwork Affiliate)
1234 H Street, Suite 100
Sacramento, CA 95814
Website: www.atnet.org
E-mail: info@atnet.org

For information and referral on Assistive Technology
(800) 390-2699 (Voice)
(800) 900-0706 (TTY)

For other questions, contact
(916) 325-1690 (Voice)
(916) 325-1695 (TTY)

This is a statewide project which promotes: access to assistive technologies, related services, technology resource centers, community based organizations and assistive technology information to enable children and adults with disabilities. This organization, founded by the Foundation for Independent Living Centers, works in conjunction with the California Department of Rehabilitation to make assistive technology accessible to people with disabilities. Their online service directory has a comprehensive listing of assistive technology resources. Other services provided include: information and referral, funding for assistive technology, advocacy and training.

ASSISTIVE TECHNOLOGY NEWS
Website: www.atechnews.com
E-mail: jwilliams@atechnews.com

This is an online publication which has numerous assistive technology resources regarding products, informative articles, legislation and many other areas involving assistive technology.
This program provides free assistive telephone devices to persons that live in California, have phone service at their residence and are certified as blind or low vision, deaf, hard of hearing, speech disabled, have cognitive impairments or restricted mobility by a certified professional. You can find the application form to apply for services at: ddtp.cpuc.ca.gov/default1.aspx?id=186&ekmensel=c580fa7b_48_66_186_1#apply.

**DISABILITY RESOURCE DIRECTORY: ASSISTIVE AND ADAPTIVE TECHNOLOGY**
Website: [www.disability-resource.com/assistive-technology.html](http://www.disability-resource.com/assistive-technology.html)
This online assistive technology resource directory includes communications, educational, rehabilitation and research institutions and organizations as well as manufacturers and vendors of both hardware and software products.

AUDIOLOGICAL SERVICES

SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY AND HEARING AID DISPENSERS BOARD (SLPAHADB)
2005 Evergreen Street, Suite 2100
Sacramento, CA 95815
(916) 263-2666
Website: www.dca.ca.gov/hearingaid/home.shtml
E-mail: speechandhearing@dca.ca.gov

The Speech-Language Pathology and Audiology and Hearing Aid Dispensers Board (SLPAHADB) which was previously called the California Hearing Aid Dispensers Bureau, effective January 1, 2010, reflects a merger of boards related to the professions of speech-language pathology, audiology, and hearing aid dispensing. This bureau protects the interests of consumers in the purchase of hearing instruments by ensuring the competency of hearing aid dispensers, enforcing relevant laws and regulations and providing educational information to consumers regarding the purchase of appropriate hearing aids.

HEAR CENTER
301 East Del Mar Boulevard
Pasadena, CA 91101
(626) 796-2016
Website: www.hearcenter.org
E-mail: info@hearcenter.org

The HEAR Center was founded in 1954 to reduce the effects of deafness by early identification. They provide comprehensive audiological services (diagnostic hearing testing, comprehensive evaluations for hearing aid amplification, guidance in aural rehabilitation and the conservation of hearing) to children and adults and speech/language pathology services to children between ages 1 to 10 years.

HEARING AND SPEECH CENTER OF NORTHERN CALIFORNIA
1234 Divisadero Street
San Francisco, CA 94115
(415) 921 7658 (Voice)
(415) 921 8990 (TTY)
Website: www.hearingspeech.org
E-mail: info@hearingspeech.org

The staff at the Hearing and Speech Center of Northern California offers hearing testing and hearing aid services to children and adults of all ages. Services include, but are not limited to, adult hearing testing, pediatric audilogic testing, tinnitus assessment and hearing aid assessments.
The HRI is an organization dedicated to advancing hearing science through research and education to improve quality of life. They are also working to improve hearing aids and auditory implants, diagnostics, clinical treatments and intervention methods. Children’s services are conducted through the Care Center Clinical Services Department. Services provided include: outpatient infant screening, diagnostic audiology, auditory rehabilitation, developmental psychological exams which determine eligibility for cochlear implants, speech and language evaluation and therapy and cochlear implant services.

LIONS HEARING FOUNDATION OF SOUTHERN CALIFORNIA AND HEARING AID BANK
Website: www.lionsclubs.org/EN/our-work/health-programs/hearing-programs/index.php

District 4-L4 Hearing Aid Bank
c/o Lion Keith Campbell
8121 Ridgefield Drive
Huntington Beach, CA  92646
(714) 536-9813

Lions Hearing Foundation of Southern California, Inc.
(District 4-L2)
P.O. Box 59214
Norwalk, CA  90652
Contact: William Lang

This organization provides support and assistance to low income deaf and hard of hearing persons for the purchase of hearing aids, assists deaf youth in recreational programs and supports the Southern California Mobile Health Screening Unit which performs hearing screenings.
Communication Access Realtime Translation (CART) converts the spoken word into instant text. This service is generally for hard of hearing persons, not familiar with American Sign Language (ASL), that need to translate spoken words into printed English in a realtime format. In classrooms, at performances, for seminars or corporate presentations, this simultaneous text can be shown on any of four state-of-the-art display devices: laptop screen, television screen, light emitting device (LCD) projection screen or liquid crystal display (LED) message display signs. These display options offer the ultimate in flexibility, from a laptop for a single student to a large LED display sign for thousands at a live performance. Some service providers also have the capability to provide services from an off-site location. A qualified captioner should possess either a:

State of California Certified Shorthand Reporter (CSR) certificate, or National Court Reporters Association Professional Reporter Certificate, or Certificate of Merit

The Association of Regional Center Agencies (ARCA) represents 21 regional centers in California that provide services to more than 200,000 Californians with developmental disabilities. Regional centers are non-profit organizations that contract with the state Department of Developmental Services for provision of services such as information and referral, assessment and diagnosis, placement and monitoring of out of home care, training of individuals and families and many other services. The term developmental disability refers to a severe and chronic disability that is attributable to a mental or physical impairment. The disability must begin before the 18th birthday and be expected to continue indefinitely and present a substantial disability. If a child with hearing loss also has an accompanying developmental disability, this child would qualify for these services.

The California Department of Developmental Services is the agency through which the State of California provides services and supports to individuals with developmental disabilities. Services are provided through state-operated developmental centers and community facilities, and contracts with 21 nonprofit regional centers. Regional centers provide diagnosis and assessment of eligibility and help plan, access, coordinate and monitor the services and supports that are needed because of a developmental disability. There is no charge for the diagnosis and eligibility assessment.

INDEPENDENTLY MERGING PARENTS ASSOCIATIONS OF CALIFORNIA (IMPACT)
34130 Gannon Terrace
Fremont, CA 94555

IMPACT is a California statewide, all-volunteer, non-profit organization of parents, teachers and professionals serving deaf and hard of hearing children. This organization was established in 1986 by 12 parents. IMPACT has a current membership of over 400 and is supported and encouraged by a host of organizations that serve the deaf community.

BRIDGMAN GROUP HOME
San Diego Youth Services
3255 Wing Street
San Diego, CA  92110
(619) 651-8470 Staff phone for deaf/hearing callers
(866) 810-3048 (VP/Voice)
(619) 651-8467 (Fax)
Website:  www.sdyouthservices.org  click on services to see BGH
E-mail:  msantos@sdyouthservices.org

San Diego Youth Services’ Bridgman Group Home is a level 12 specialized group home for at-risk deaf and hard of hearing youth. The 24-hour residential program provides a culturally affirmative environment in a beautiful home-like setting for youth ages 12 to 18. A team of highly trained professionals, fluent in American Sign Language, provide care and supervision to youth, in addition to mental health services. Care is provided to empower deaf and hard of hearing youth to develop communication skills and healthy coping methods that can reduce linguistic barriers and enhance emotional/psychological growth. The mission of the Bridgman Group Home is to provide youth with a stable and nurturing living environment that will prepare them for successful transition back to their family or another appropriate setting.

SUPPORT FOR FAMILIES OF CHILDREN WITH DISABILITIES
1663 Mission Street, 7th Floor
San Francisco, CA 94103
(415) 282-7494
Website:  www.supportforfamilies.org
E-mail:  info@supportforfamilies.org

Support for Families of Children with Disabilities (SFCD) is a parent-run, San Francisco-based, nonprofit organization founded in 1982 that supports families of children with any type of disability or special health care need to ensure that these families have the knowledge and assistance they need to make informed choices that support their child's health, education and development. This organization provides peer support to families, as well as, information and education to families, professionals and the community at large. The deaf and hard of hearing support group, which meets once per month, is a collaborative effort between SFCD and the University of California at San Francisco’s (UCSF) Center on Deafness.
COMMUNICATION ACCESS

Generally speaking, one-on-one communication between persons who are deaf and hearing is facilitated by a sign language interpreter who translates English into American Sign Language (ASL) for the person who is deaf and ASL into English for the person who is hearing. For a listing of ASL interpreting service vendors in California, refer to the section entitled “Sign Language Services” in this directory.

A person who is hard of hearing and not familiar with ASL, may need to use a captioning service which translates spoken words into printed English in a realtime format. This is known as Communication Access Realtime Translation (CART) and a listing of vendors can be found in the “Captioning Services” portion of this directory.

There are also dual typewriter devices which allow a person that is hearing and a person with a hearing loss the ability to communicate by typing back and forth. Two of the vendors for these typing devices (sComm and Interpretype) are listed in the “Assistive Technology” section of this directory.

When none of these services are available, writing back and forth with the individual is an option. Lipreading is probably the least effective manner of communication because many of the sounds in English are hidden and may also resemble other sounds. This increases the possibility of miscommunication.

COMMUNICATION OPTIONS FOR A CHILD WHO IS DEAF OR HARD OF HEARING

There are a variety of communication options available for a child who is deaf or hard of hearing, since every child is unique and different in their response to these techniques. Below is a brief description of these various communication modalities, as well as some resource listings.

Oral Method

The Oral Method of communication utilizes speech-reading (lip-reading) and the maximal use of a child’s residual hearing for the development and production of speech. The premise behind this method is that a child who is deaf or hard of hearing will then be able to communicate more effectively with hearing individuals.

Cued Speech Method

Cued Speech facilitates lip-reading by having the speaker simultaneously use hand gestures while speaking to help the listener visually distinguish between similar looking sounds on the speaker’s lips.
Manual Communication Methods

Manual methods of communication utilize a child’s ability to communicate through visual stimuli such as fingerspelling and sign languages.

- **American Sign Language (ASL)** is composed of positions and gestures made with the hands, body and facial expressions to convey abstract concepts as with any spoken language. Being its own language, ASL has a distinct grammatical structure which is quite dissimilar to English.

- **Manual English** uses many of the traditional ASL signs, while maintaining the English word order and grammar so as to develop a child’s ability to read and write English. Examples of this system are: Seeing Essential English (SEE I), Signing Exact English (SEE II) and Signed English.

- **Fingerspelling** augments most sign language systems by using handshapes to code the letters of the alphabet as well as numbers. Words (i.e., proper names, places, etc.) are then spelled out by using these individual letter codes.

**Total Communication (TC) Method**

The philosophical basis for Total Communication (TC) is for a child who is deaf or hard of hearing to use any and all communication methods necessary to facilitate language acquisition. This system, which typically uses signs in English word order, may include: speech, fingerspelling, manual signs, gestures, speechreading, cued speech and augmentation of residual hearing. Basically, this mode of communication may utilize any combination of the communication options listed above.

AMERICAN SIGN LANGUAGE (ASL)

American Sign Language (ASL) is a manual language capable of conveying abstract concepts as with any spoken language. The grammatical structure of ASL is distinct and very different from that of English. Since some hearing parents of deaf or hard or hearing children decide to introduce sign language to their children, these parents may choose to learn sign language along with their children. As with any language, repetition and practice is essential for mastery of that language. Listed below are a number of free websites which include ASL dictionaries and fingerspelling practice.

THE DEAF AND DISABLED TELECOMMUNICATIONS PROGRAM (DDTP)

The technological advances of today have allowed the deaf and hard of hearing populations the ability to communicate via the telephone and internet in ways that were unavailable in the past. The Deaf and Disabled Telecommunications Program (DDTP), a part of the California Public Utilities Commission, administers two programs: the California Relay Service (CRS) and the California Telephone Access Program (CTAP). The purpose of these programs is to provide access to basic telephone service for Californians who have difficulty using the telephone.

California Relay Service (CRS)

CRS provides specially-trained operators that relay telephone conversations back and forth between people who are deaf, hard of hearing or speech-disabled and all those they wish to communicate with by telephone. There are numerous types of relay services provided for people with differing kinds of communication difficulties.

One of the biggest challenges for a person making a relay call is that the party that they are calling may hang up because he/she is unfamiliar with this service. Should a caller state, "Hello, this is Mr. X. speaking to you through a Sign Language Interpreter" or "This is Mr. X. talking to you through a video relay service" be aware that this person will be using the CRS and the operator will guide you through the appropriate protocol for these conversations. If a business has been contacted and the conversation takes longer than anticipated and the call must be ended, it is courteous to provide the caller with a direct number, so he/she may conclude the call at a later time.

A step by step guide for making various types of relay calls can be found at: www.ddtp.org/california_relay_service/how_to_make_a_relay_call. An explanation of each type of service provided by the CRS is listed below.

Video Relay Service (VRS) makes use of a web cam and the Internet, or a videophone and high speed Internet access. A Relay Operator/Interpreter, fluent in sign language, can see and be seen by the calling party. VRS is often preferred by people who wish to use sign language and/or lipread the relay operator.

Teletypewriter (TTY) Relay Service utilizes a TTY which is a small telecommunications device with a keyboard for typing and a screen for reading
conversations. A TTY is often used by people who are deaf, hard of hearing, or speech-disabled.

**Voice Carry Over (VCO) Relay Service** is for people who are deaf or hard of hearing but who wish to speak through the telephone receiver directly to and be heard by the other party. The relay operator types what is said by the other party and the VCO user reads it on his or her TTY.

**Hearing Carry Over (HCO) Relay Service** is for people who can hear but who have difficulty speaking clearly but wish to hear the other party directly. The HCO user types on a TTY what he or she wishes to say and this is spoken by the relay operator to the other party.

**Speech To Speech (STS) Relay Service** makes it possible for people who can hear but who have a speech disability to carry on a telephone conversation with anyone they might wish to communicate. Some STS users communicate with a voice synthesizer or voice enhancer device. As needed, a specially trained STS Relay Operator re-voices what is being said by the STS user. The STS user hears the other party's voice directly.

**Internet (IP) Relay Service** is a web-based relay service. Text-users who are deaf, hard of hearing, or speech disabled can initiate a relay call by connecting with an Internet Relay Operator who, in turn, dials the phone number of the other party to be called.

There are three ways to dial a CRS operator. Should you be kept on hold for a lengthy period of time when dialing using the first option, try using the second or third option to connect with a CRS operator.

1. **Dial the DDTP dedicated toll-free numbers**
   - **TTY:**
     - English: (800) 735-2929
     - Spanish: (800) 855-3000
   - **Voice- including Voice Carryover (VCO) and Hearing Carryover (HCO):**
     - English: (800) 735-2922
     - Spanish: (800) 855-3000
   - **Speech to Speech:** (800) 854-7784
     - OR
2. **Dial 711 from any telephone**
   - OR
3. **Dial the CRS providers' number**
   There are two CRS providers (AT & T Rely and Hamilton Relay) - the websites with all of the numbers are listed below:
   [http://ddtp.cpuc.ca.gov/relay.aspx](http://ddtp.cpuc.ca.gov/relay.aspx) and click on the quick link on the right side “California Relay Service CRS) Providers”
California Telephone Access Program (CTAP)

CTAP Call Center
P.O. Box 30310
Stockton, CA 95213
(800) 806-1191 (Voice)
(800) 806-4474 (TTY)
Website: [www.ddtp.org/CTAP](http://www.ddtp.org/CTAP)

Californians who are deaf, hard of hearing, speech disabled, blind, or who have low vision, cognitive impairments, or restricted mobility, are eligible to receive free, assistive, telephone equipment with certification by a medical doctor, a licensed audiologist, a qualified state agency, or a hearing aid dispenser. A CTAP application form can be downloaded at: [www.ddtp.org/pdfs/English_Cert_Form.pdf](http://www.ddtp.org/pdfs/English_Cert_Form.pdf).
This program provides counseling for: individuals and families; teenage crises; seniors, drug/alcohol problems; and, domestic violence assistance for the deaf and hard of hearing community. All services are rendered on a sliding scale basis.

ALCOHOLICS ANONYMOUS (AA)
Deaf and Hard Of Hearing - AA 12 Steps Recovery Resources

The deaf program provides services to deaf, deaf/blind and hearing impaired adolescents who have severe emotional, behavioral or substance abuse problems. Therapy is provided in an environment free of communication barriers. Children and adolescents from California are accepted into this program.

FIVE ACRES
The Boys’ And Girls’ Aid Society Of Los Angeles County
760 West Mountain View Street
Altadena, CA  91001
(626) 798-6793, ext. 3165 (Voice)
(626) 204-1375 (TTY)
Website: www.fiveacres.org/deaf
E-mail: akay@5acres.org
Five Acres’ Deaf Services Program provides in-home counseling, outpatient therapy, parent education and perinatal services in American Sign Language (ASL) in the areas of child abuse treatment, prevention and child mental health services to families in the greater Los Angeles’ deaf community. Five Acres’ Deaf Perinatal Services is a home visitation program free to all pregnant deaf women and deaf parents of infants and children under the age of five in Los Angeles County. A professional visiting nurse or child development specialist will provide assistance and instruction in ASL for infant care, well-baby care and assessment, child development and family support and advocacy.

In the East Bay
University of California Center on Deafness (UCCD) at DCARA
14895 East 14th Street, Suite 200
San Leandro, CA 94578
(510) 483-0753 (Voice)
(877) 322-7288 (TTY)
(510) 394-1840 (Videophone)

The University of California Center on Deafness provides a range of quality outpatient mental health services for individuals who are deaf and hard of hearing. Services include the families of persons with a hearing loss as well.

ST. JOSEPH’S CENTER FOR THE DEAF AND HARD OF HEARING (SCJD)
25580 Campus Drive
Hayward, CA 94542
(510) 267-8338 (Voice)
(510) 893-7445 (Fax)
(866) 720-9220 (VP)
Website: http://oakdiocese.org/ministries/center-for-the-deaf-hard-of-hearing/

SCJD established in 1895, by the Sisters of St. Joseph of Carondolet, provides psychological services and mental health counseling for individuals, couples, families and groups. The education and community support programs include: a comprehensive parenting program; cochlear implant education and support; age related hearing loss education and support services. SJCD provides ongoing consulting, workshops and outreach services to agencies, individuals, families and corporations.
The Deaf Access Program (DAP) was created in 1980 to ensure that California's public programs are adapted to meet the communication needs of deaf and hard of hearing children, adults, and families so they may receive the public benefits and services to which they are entitled and achieve economic independence to fully participate in mainstream society.

SERVICES PROVIDED

Communication Services: Help in obtaining qualified sign language interpreters, including 24-hour, seven-days-a-week interpreting for emergency medical, civil or legal situations; translation of documents for deaf clients with low language skills; information about assistive technology, signaling devices, hearing and signal dogs; access to public videophones.

Counseling: Individual and family counseling that is responsive to the communication needs of deaf and hard of hearing clients; peer counseling, which includes crisis intervention and referral, teaching coping skills, and mentoring.

Advocacy Services: Help in gaining equal access to employment, education and services, both public and private; workshops and training about civil, employment and consumer rights.

Independent Living Skills Instruction: Help in acquiring the skills that clients need to live more independently in their daily lives, and to be less dependent on government programs; help understanding and accessing resources and services available.

Job Development and Placement: Employment related services such as career counseling, referral to job training programs, and workshops on obtaining and retaining employment; Technical assistance to employers on accommodating deaf and hard of hearing employees.

Information and Referral: Respond to inquiries regarding deafness, hearing loss and related topics; direct clients to appropriate private and public agencies that can help them with their specific needs.

Community Education: Increase public awareness and understanding of the needs of deaf and hard of hearing individuals; alert potential clients to the myriad of services available; conduct outreach to draw clients out of isolation.

Program Oversight

The California Department of Social Services’ Office of Deaf Access is responsible for administering and monitoring the DAP Program.
Highlights of the DAP PROGRAM

- Services are available statewide via eight regional non-profit organizations.
- $5.2 million in services are paid annually.
- The DAP has no eligibility requirements other than a demonstrated need for services.
- The DAP is a program “of, by and for” deaf and hard of hearing people.

DEAF-BLIND RESOURCES

The term deaf-blindness refers to any combination of vision and hearing loss, not necessarily complete deafness and complete blindness. Most individuals who are deaf-blind have some useful vision and/or hearing, while others may have no residual sight or hearing. There is a wide range of cognitive and developmental ability among individuals who are deaf-blind. Because deaf-blindness is a combination of vision and hearing losses, no two individuals who are deaf-blind have the same needs.

Children who are deaf-blind need early intervention to increase their interest and understanding of the world around them. The information that most children acquire naturally must be introduced deliberately and systematically to children who are deaf-blind.

Many individuals who are deaf-blind need to utilize the services of a Support Service Provider (SSP). A SSP is a sighted person (deaf, hard of hearing or hearing) that works with a person who is deaf-blind. SSPs provide: sighted guiding, environmental, visual and auditory descriptions, facilitate communications with others, transportation and other assistive services.

AMERICAN ACTION FUND FOR BLIND CHILDREN AND ADULTS
1800 Johnson Street
Baltimore, MD 21230
(410) 659-9315
Website: www.actionfund.org
E-mail: actionfund@actionfund.org

Kenneth Jernigan Library for Blind Children
18440 Oxnard Street
Tarzana, CA 91356
(818) 343-3219
Website: www.actionfund.org/actionfund/Contact_KJ_Library.asp
E-mail: JerniganLibrary@actionfund.org

The American Action Fund for Blind Children and Adults is a service agency which specializes in providing help to people who are blind which is not readily available from government programs or other existing service systems. The services are planned especially to meet the needs of children and the elderly who are blind and individuals who are deaf-blind. The Tarzana office houses the Kenneth Jernigan Library for Blind Children, a free lending library of over 40,000 Braille and Twin Vision® books for children who are blind. Books are sent postage free to borrowers in the U.S. and Canada. They also publish and distribute to persons who are deaf-blind a free weekly newspaper entitled, “Hotline to Deaf-Blind.” This publication includes summaries of current news items written especially for deaf-blind persons.
The AADB is a national consumer organization of, by, and for people with both vision and hearing losses. They provide technical assistance; information and referral; advocacy and support and publications and informational materials on deaf-blindness and related issues. The Mentoring Pilot Project trains adults who are deaf-blind to be mentors to youth who are deaf-blind and strives to develop new leaders in the deaf-blind community.

The AER is an international membership organization dedicated to rendering all possible support and assistance to the professionals who work in all phases of education and rehabilitation of children and adults who are blind and visually impaired.

The mission of the Blind Children’s Learning Center is to develop the full potential of children and young adults who are blind, visually impaired and deaf-blind (birth to age 21) to lead independent lives through technology and teaching. The core programs are Infant Family Focus, Early Childhood Center and Youth Outreach and Counseling. Comprehensive services, starting as early as possible and continuing through high school, include: speech and language, occupational therapy, orientation and mobility, Braille instruction, specialized vision services, social opportunities and assistive and adaptive technology training.
The Braille Institute’s Library Services has provided free books, periodicals and other texts in Braille and recorded formats for more than six decades. The main branch in Los Angeles links to four branch libraries at Braille Institute Regional Centers in Orange County, Rancho Mirage, San Diego and Santa Barbara. Patrons may select from more than 900,000 volumes accessible from the Library’s own collection or that of the NATIONAL LIBRARY SERVICE.

California Deaf-Blind Services promotes positive quality of life for individuals from birth through age 21 who have both hearing and vision loss. Services are also provided to family members, care providers, personnel from public and private schools, as well as public and private agencies who serve persons who are deaf-blind. The goal of the project is to facilitate maximum participation in preferred life activities. California Deaf-Blind Services collaborates with individuals who are deaf-blind to celebrate strengths, recognize unique needs and develop personalized supports and services.

This educational program, through the California Department of Education, provides special day classes for children between the ages of 3-22 years who are blind, visually impaired and deaf-blind. Students must be referred jointly by parents and school districts of residence. There is a residential component for those living too far to travel
home daily. A separate comprehensive Assessment Center for students not enrolled in the school program is available for eligible individuals.

THE CENTER FOR THE PARTIALLY SIGHTED (CPS)
Website: www.low-vision.org
E-mail: info@low-vision.org

**CPS Los Angeles Office**
6101 W. Centinela Avenue., Suite 150
Culver City, CA 90230
(310) 988-1970
(310) 988-1980 (Fax)

**CPS Valley Office**
18425 Burbank Boulevard, Suite 706
Tarzana, CA 91356
(818) 705-5954

The mission of The Center for the Partially Sighted is to promote independent living for people of all ages with impaired sight. Service fees are determined on a sliding scale basis and CPS is affiliated with the California Department of Rehabilitation. Optometric, counseling, rehabilitation, and children’s services are offered to persons with low vision with accompanying deafness or hearing impairment.

COALITION OF PARENTS AND EDUCATORS DEAF-BLIND (COPE D-B)
c/o California Deaf-Blind Services San Francisco State University
1600 Holloway Avenue/Pacific Plaza
San Francisco, CA 94132
Website – National Consortium on Deaf-Blindness, State Resource Fact Sheet for California: www.nationaldb.org/ppStateFactSheets.php
(415) 405-7558
(800) 822-7884, ext. 1 (TTY)
COPE DB is a statewide organization committed to providing support, advocacy, recreation, and information to parents and educators of individuals with dual sensory impairments. These services are provided to family members, extended family members, caregivers, friends, educators and anybody wishing to be involved in the life of a person with deaf-blindness.

DEAF AND HARD OF HEARING SERVICE CENTER (DHHSC)
5340 North Fresno Street
Fresno, CA 93710
(559) 225-3323
Website DHHSC: www.dhhsc.org
E-mail: kathyy@dhhsc.org or info@dhhsc.org

The program serves children and adults in an eight-county region in Central California. SSPs are recruited from several sources: the Interpreter Training Program at Fresno
State University where they work as interns for DHHSC; certified deaf interpreters and via other interested people. Training is provided for seasoned interpreters and people new to the deaf-blind field. Training opportunities occur in workshop format and topics include causes of deaf-blindness, safe guiding, etiquette, communication techniques and protocol.

THE DEAFBLIND CHILDREN'S FUND (DBCF)
P.O. Box 11234
Spring, TX 77391
(877) 332-3254
Website: www.deafblindchildren.org
E-mail: deafblindchildren@yahoo.com

The DBCF was founded on the principle that deaf-blindness is a unique disability and helping the family of a deaf-blind child is a unique responsibility. The DBCF program serves the families of children who are deaf-blind through intervention; the teaching method that models itself after the education of Helen Keller. Intervenors are not federally or state funded, therefore, DBCF provides funding and places them with qualified families throughout the nation.

DEAF-BLIND PROGRAM
Braille Institute of America, Inc.
741 North Vermont Avenue
Los Angeles, CA 90029
(323) 663-1111 (Voice/TTY)
Website Braille Institute: www.brailleinstitute.org
Website – National Consortium on Deaf-Blindness, State Resource Fact Sheet for California: www.nationaldb.org/ppStateFactSheets.php
E-mail: jlutz@brailleinstitute.org

This program is designed to help adults who are deaf-blind (ages 18 and older) adjust to life. This program offers classes in Braille, computers, orientation and mobility, typing and instruction in daily living activities. Other services include: counseling, career/job placement, library usage and referrals as needed. Students may take classes with other students who are deaf-blind or may opt to be included with the Braille Institute’s population who are hearing-blind. All classes and services are provided at no charge.

EXCEPTIONAL FAMILY RESOURCE CENTER (EFRC)
Central Office
9245 Sky Park Court, Suite 130
San Diego, CA 92123
(800) 281-8252 (San Diego/Imperial Counties Only)
(619) 594-7416
Website: www.efrconline.org
E-mail: efrc@projects.sdsu.edu
The EFRC is a community-based collaborative agency, staffed by parents and professionals. It is designed to serve families of individuals with special needs by providing a broad continuum of information, education, and support. Services and supports are offered in English and Spanish.

FRANCES BLEND SCHOOL
Special Education, Los Angeles Unified School District
5210 Clinton Street
Los Angeles, CA 90004
(323) 464-5052
Website: www.francesblend.com

This special education school for children who are blind and visually impaired has classes for pre-school through elementary school, serving children with multiple disabilities, including deaf-blindness. The school has a specially designed play yard to suit the special needs of its students.

HELEN KELLER NATIONAL CENTER SOUTHWESTERN REGIONAL OFFICE (HKNC)
(Region 9 HKNC Southwestern Regional Office)
9939 Hibert Street, #108
San Diego, CA 92131
(858) 578-1600 (Voice/TTY)
(858) 578-3800 (Fax)
Website: www.hknc.org
E-mail: cathy.kirsch@hknc.org

HKNC regional representatives provide consultation and technical assistance to persons with deaf-blindness, their families and to public and private education and adult service agencies in their region. They locate, assist and refer individuals to the most appropriate programs for services, as needed. States covered by this regional office are: Arizona, California, Hawaii, Nevada, Guam, Samoa, and certain Trust Territories.

INTERNATIONAL HEARING DOG, INC.
5901 East 89th Avenue
Henderson, CO 80640
(303) 287-3277 (Voice/TTY)
Website: www.ihdi.org
E-mail: info@hearingdog.org

International Hearing Dogs, Inc. has trained more than 1,000 hearing dogs since 1979 for persons within the United States and Canada, who are deaf or hard-of-hearing. All of the dogs selected for this special training come from local animal shelters. This organization also trains dogs to assist individuals who are deaf-blind (in the home only) by training dogs to guide their owners slowly to the source of the sound.
LIGHTHOUSE FOR THE BLIND AND VISUALLY IMPAIRED
214 Van Ness Avenue
San Francisco, CA 94102
(415) 694-7322 (Voice)
(415) 431-4572 (TTY)
Website: www.lighthouse-sf.org
E-mail: info@lighthouse-sf.org for general information or schol@lighthouse-sf.org for Deaf-Blind training services

The LightHouse promotes the independence, equality and self-reliance of people in the Northern California area who are blind, deaf-blind or visually impaired through rehabilitation training and relevant services, such as access to employment, education, government, information, recreation, transportation and the environment. This organization has provided services to the deaf-blind community since the early 1950's with the establishment of Enchanted Hills Camp and the formation of a Deaf-Blind Social and Recreational Club in the early 1970's.

NATIONAL COALITION ON DEAF-BLINDNESS
(617) 972-7768
Website: www.dbcoalition.org

The National Coalition on Deaf-blindness was formed to provide feedback to legislators and policy makers regarding the ongoing needs of children who are deaf-blind and the reauthorization of Individuals with Disabilities Education Act (IDEA). Advocacy efforts on the part of the coalition have focused on legislation in education and rehabilitation, helping legislators to understand deaf-blindness as a unique and complex disability and to appreciate the important role the federal government plays through its discretionary programs with regard to this low incidence disability.

NATIONAL CONSORTIUM ON DEAF-BLINDNESS (NCDB)
The Teaching Research Institute: Western Oregon University
345 North Monmouth Avenue
Monmouth, OR 97361
(800) 438-9376 (Voice)
(800) 854-7013 (TTY)
(503) 838-8150 (Fax)
Website: www.nationaldb.org
E-mail: info@nationaldb.org

The National Consortium on Deaf-blindness is a federally funded information clearinghouse that identifies, coordinates, and disseminates information related to children (ages birth to 21 years) who are deaf-blind. NCDB is home to DB-LINK, the largest collection of information related to deaf-blindness worldwide. They provide free individualized information and referral services across many topics including effective early intervention, special education and general education practices, medical, health, social, recreational services, legal issues, employment, independent living,
postsecondary educational services and information on the nature of deaf-blindness. Fact sheets are available at no charge.

**NATIONAL FAMILY ASSOCIATION FOR DEAF-BLIND (REGION 9) See Service Areas Below**
141 Middle Neck Road
Sands Point, NY 11050

E-mail: information@vistacenter.org

The facility is open to all persons who are visually impaired and blind. Medi-Cal is accepted and assistance is provided to those without Medi-Cal. Services provided include: transportation; a low-vision optometry clinic with two optometrists available; rehabilitation services; daily living skills training; social services and counseling; and support groups.
When parents first learn that their child has a disability, they are often faced with the challenge of finding the appropriate educational setting which is best suited for the growth and development of their child. It is important to become familiar with the basic rules (set forth through the U.S. Department of Education) which provide educational guidelines for children with disabilities.

The Individuals with Disabilities Education Act (IDEA) is a federal legislation that requires eligible students with disabilities to have equal access to a free and appropriate education. A parent, teacher, administrator, doctor, or a community agency may refer a child who is suspected of having a disability for assessment. Once it is determined (via proper assessment tools) that a child has a disability, an Individualized Education Program (IEP) is set up and tailored for that child. The IEP mandates that a team of knowledgeable persons (teacher(s), parent(s), child if appropriate, local education agency (LEA), and other individuals at the parent’s or LEA’s discretion) create a specific and comprehensive special educational program unique to that child. IEPs are designed to monitor the student’s strengths via measurable goals with specified assessment tools, to delineate supplemental supports and services, to define the parent’s and student’s level of involvement, and to create transition plans (grade to grade, school to school, school to adult life). Special education services in California are provided for all children with disabilities birth to twenty-two years of age.

To find further information on deaf, hard of hearing, deaf-blind and additional special education programs in your local area, you may contact your local county office of education. The county offices can direct you to the programs in your area, as well as provide you with information and guidance on the IEP process listed above. A list of these county offices can be found in the “Educational Resources for Children” section of this directory.
A successful early childhood intervention program for a child who is deaf or hard of hearing involves a team of professionals with the parents acting as the “team managers.” It is imperative for the parents to be actively involved in the process as soon as their child’s hearing loss is diagnosed, as they need to incorporate all learning and language strategies into the home environment. The team may include a health professional (e.g., a family doctor, a pediatrician, an audiologist or an ear, nose and throat doctor), a service coordinator, a speech and language pathologist, and a teacher of the deaf or hard of hearing. A good starting point is to contact the California Department of Developmental Services. They have a statewide program called Early Start, which, in conjunction with local education agencies, will develop a complete plan for the child and the family.

Some programs utilize the manual communication method which may include the teaching of American Sign Language (ASL) or manual English (a method which uses many of the ASL signs while maintaining English word order) as a means of developing both fluency in sign language and English. Other programs (referred to as the oral method) prefer not to use manual communication, but to concentrate more on speech, language and auditory building skills to facilitate communication with hearing individuals. Two programs in California, the Blind Children’s Learning Center and the California School for the Blind, provide early childhood education for children who are deaf-blind, blind or visually impaired.

EARLY START PROGRAM
California Department of Developmental Services (DDS)
P.O. Box 944202
Sacramento, CA 94244
Early Start: (800) 515-2229
(916) 654-1690 (Voice)
(916) 654-2054 (TTY)
Website: www.dds.ca.gov/earlystart
E-mail: earlystart@dds.ca.gov

Infants and toddlers from birth to 36 months may be eligible for early intervention services if it is determined that they have a hearing loss. Evaluation services are available to all children who are eligible and anyone may make a referral. A parent may contact a local regional center or school district for evaluation and early intervention services and a service coordinator will be assigned to the family to develop an Individualized Family Service Plan which will include a team of support staff. Local education agencies are primarily responsible for provision of services and all services are at no charge to the families.
SCHOOLS THAT USE THE MANUAL COMMUNICATION METHOD

CALIFORNIA SCHOOL FOR THE DEAF, FREMONT-
Early Childhood Education (ECE)
39350 Gallaudet Drive
Fremont, CA  94538
(510) 794-3666
(510) 794-3672 (TTY)
Website:  www.csdf.k12.ca.us/academics/ece_school.php
E-mail:  rdaniels@csdf-cde.ca.gov

This program serves children in the Fremont, Union City and Newark areas. Both California Schools for the Deaf at Fremont and Riverside provide residential living facilities for children in grades 1-12; however, these early intervention programs are provided on a daily basis. Services provided include: audiological assessment; auditory training; loaner hearing aids; parent education classes and workshops; family sign language classes; home visitation and training; speech and language training and a Shared Reading Project. The Parent-Infant Services program, the Toddler Program, and the Preschool and Kindergarten Programs serve children from birth to six years of age.

CALIFORNIA SCHOOL FOR THE DEAF, RIVERSIDE
Early Childhood Education (ECE)
3044 Horace Street
Riverside, CA  92506
(951) 248-7700 (Voice)
Website:  http://csdr-cde.ca.gov/academics/ece

This program provides services for children that reside in the Riverside Unified School District. The services provided include: speech and language training; audiological services; literacy training; ASL instruction as a tool for later speech and language acquisition; parent and family participation; home visits with parents and children and family sign language classes. The Parent-Infant Program, the Preschool Program, Pre-Kindergarten and Kindergarten Programs are designed for children 18 months to six years of age.

CENTER FOR EARLY INTERVENTION ON DEAFNESS (C.E.I.D.)
1035 Grayson Street
Berkeley, CA  94710
(510) 848-4800
(510) 848-5686 (TTY)
Website:  www.ceid.org
E-mail:  info@ceid.org

The CEID is an early intervention program, serving families who reside throughout the San Francisco Bay Area. The program is designed for babies and young children who
have hearing loss and severe speech and language delays. This organization utilizes a simultaneous use of spoken English, audition, and a literal representation of sign language (S.E.E. signing), in a play based curriculum incorporating thematic “active learning” strategies and total family involvement. The program is designed for children aged 12 months to 5 years.

In addition to the model program listed above, CEID has expanded direct services to include the Medical Outreach and Training Project. This program allows CEID to train pediatric medical providers at three teaching hospitals (University of California at San Francisco, Children’s Hospital – Oakland and Kaiser Permanente) about diagnosing deafness at birth and referring them to CEID for training. CEID has also developed a Pediatric Resource Guide to Infant and Childhood Hearing Loss which can be ordered at: Guide@ceid.org at a cost of $95.00. You can print and fill in the order form found at: http://www.ceid.org/index.php?option=com_content&view=category&id=9&ItemID=25.

SCHOOLS THAT USE THE ORAL COMMUNICATION METHOD

CCHAT CENTER-SACRAMENTO
Children’s Choice for Hearing And Talking
11100 Coloma Road
Rancho Cordova, CA 95670
(916) 361-7290 (Voice)
(916) 361-8613 (Fax)
Website: http://www.cchatsacramento.org/
E-mail: info@cchatsacramento.org

CCHAT-Sacramento, an auditory/oral school, teaches children who are deaf and hard of hearing to listen, think and talk. The CCHAT Center promotes active parent involvement including participation in class, therapy and school wide activities. Services provided include: individual speech; language and auditory therapy; cochlear implant education and parent education and support groups. This program serves children from ages eight weeks to five years of age.

HEARING AND SPEECH CENTER OF NORTHERN CALIFORNIA
1234 Divisadero Street
San Francisco, CA 94115
(415) 921-7658 (Voice)
(415) 921-8990 (TTY)
(415) 921-2243 (Fax)
Website: www.hearingspeech.org
E-mail: info@hearingspeech.org

The Deaf and Hard of Hearing School Program at this facility works with children from birth to 18 years of age. The preschool program works with children as young as 18 months of age at their on-site campus. The staff works closely with the families during home visits, parent group meetings, and other yearly activities. Individual programs are designed for children to utilize all modes of amplification and to develop their speech,
language, and listening skills. The goal is to prepare children to be successfully mainstreamed in regular classrooms as soon as they are deemed ready.

JEAN WEINGARTEN PENINSULA ORAL SCHOOL FOR THE DEAF
3518 Jefferson Avenue
Redwood City, CA 94062
(650) 365-7500
(650) 365-7557 (Fax)
Website: www.deafkidstalk.org

The program at the Jean Weingarten Peninsula School Oral School for the Deaf focuses on the development of auditory, language, speech, and cognitive skills in children with hearing aids and cochlear implants. Services provided include: auditory training; speech and language training and family support groups and training. The program accepts children birth to seven years of age.

JOHN TRACY CLINIC
806 West Adams Boulevard
Los Angeles, CA 90007
(213) 748-5481 (Voice)
(213) 747-2924 (TTY)
Website: www.johntracyclinic.org

The John Tracy Clinic provides parent-centered education programs for newborns, toddlers and preschool children who are deaf and hard of hearing and reside in the Southern California area. All services are free of charge and include: comprehensive pediatric audiological testing; speech and language training; parent classes and support groups and counseling and evaluation that emphasizes early diagnosis and intervention. Children served in this program range from birth to five years of age.

The mission of the Blind Children's Learning Center is to develop the full potential of children and young adults who are blind, visually impaired and deaf-blind (birth to 21 years of age) to lead independent lives through technology and teaching. The core programs are Infant Family Focus, Early Childhood Center and Youth Outreach and Counseling. Comprehensive services, starting as early as possible and continuing through high school, include: speech and language, occupational therapy, orientation and mobility, Braille instruction, specialized vision services, social opportunities, and assistive and adaptive technology training.

**CALIFORNIA SCHOOL FOR THE BLIND**  
500 Walnut Avenue  
Fremont, CA  94536  
(510) 794-3800  
(510) 794-3813 (Fax)  
Website:  [www.csb-cde.ca.gov](http://www.csb-cde.ca.gov)  
E-mail:  [aamandi@csb-cde.ca.gov](mailto:aamandi@csb-cde.ca.gov)

This educational program, through the California Department of Education, provides special day classes for children between 3 to 22 years of age who are blind, visually impaired, and deaf-blind. Students must be referred jointly by parents and school districts of residence. There is a residential component for those living too far to travel home daily. A separate comprehensive Assessment Center for students not enrolled in the school program is available for eligible individuals.

This abstract outlines and endorses the primary objectives, important components, and recommended screening parameters that characterize an effective universal newborn hearing screening program.

BEGINNINGS FOR PARENTS OF CHILDREN WHO ARE DEAF OR HARD OF HEARING
302 Jefferson Street, Suite 110
Raleigh, NC  27605
(919) 715-4092 (Voice/TTY)
(919) 715-4093 (Fax)
Website:  www.ncbegin.org
E-mail:  raleigh@ncbegin.org

This non-profit organization provides emotional support and access to information for families with children ages birth through 21 who are deaf or hard of hearing. In addition to providing information to parents of children who are deaf, Beginnings gives technical assistance to the professionals who work with these children.

BOYS TOWN NATIONAL RESEARCH HOSPITAL
555 North 30th Street
Omaha, NE  68131
(402) 498-6511
Website: http://www.boystownhospital.org/hearingloss/Pages/default.aspx

This hospital provides leading edge research in the identification of hearing loss, fitting of hearing aids, and educational materials for children with hearing loss and their parents.

INNOVATIONS WORKING WITH INFANTS WHO HAVE MULTIPLE DISABILITIES
Website:  www.csun.edu/~hfedu009/innovations

This website, supported by the U.S. Department of Education and produced by the California State University at Northridge, is for early intervention service providers, however, numerous resources are provided which would benefit the parents of a child with a hearing loss.

NATIONAL CENTER FOR HEARING ASSESSMENT AND MANAGEMENT
Utah State University
2615 Old Main Hill
Logan, UT  84322
(435) 797-3584
Website:  www.infanthearing.org
E-mail:  http://www.infanthearing.org/emailer/WebEmailer.aspx?sendto=NCHAM Help Desk&frmName=helpdesk
The goal of the National Center for Hearing Assessment and Management at Utah State University is to ensure that all infants and toddlers with hearing loss are identified as early as possible and provided with timely and appropriate audiological, educational, and medical intervention.

NEWBORN HEARING SCREENING PROGRAM (NHSP)
California Department of Health Care Services
Children's Medical Services
P.O. Box 997413, MS 8102
Sacramento, CA  95899-7413
(916) 322-5794
(877) 388-5301
(916) 440-5305 (Fax)
Website:  http://www.dhcs.ca.gov/services/nhsp/Pages/default.aspx
E-mail: nhsp3@dhcs.ca.gov

The California Department of Health Services' (DHS) Children's Medical Services (CMS) Branch has implemented a statewide comprehensive Newborn Hearing Screening Program (NHSP). The incidence of permanent significant hearing loss is approximately two to four per every 1000 infants. It is the most common congenital condition for which there is a screening program. It is estimated that the NHSP will identify 1,200 infants with hearing loss each year. Families of infants delivered in DHS approved hospitals will be offered the opportunity to have their baby's hearing screened. Infants who do not pass the screening in the hospital will be referred to DHS approved Hearing Coordination Centers for follow up for additional services.

E-mail: dholt@dcs-cde.ca.gov
The California Department of Education’s three regional Diagnostic Centers provide state of the art assessment and educational planning services to assist local educational agencies (LEAs) and families in addressing the needs of their most complex special education students. Criteria for referral to a Diagnostic Center is: enrollment in special education; not progressing despite LEA efforts; presentation of a complex learning or behavioral profile; and/or a LEA requiring additional diagnostic information to define appropriate educational goals and teaching strategies. In addition, the Diagnostic Centers provide technical assistance, consultation services in program design and delivery and professional development opportunities for teachers, administrators, special education staff, families and service agency personnel.

**The Deaf Children’s Bill Of Rights**  
**Assembly Bill 1836 - Education Code 56000.5**  
Website: [www.cde.ca.gov/sp/ss/dh/ab1836.asp](http://www.cde.ca.gov/sp/ss/dh/ab1836.asp)

This historic legislation acknowledges the essential need for children who are deaf and hard of hearing to be educated in an environment that respects and uses their preferred mode of communication. Six years of arduous work preceded the passage of this historic legislation when approximately 25 organizations coalesced to become the Deaf Education Coalition. Their common goal was to significantly change the way education and related services were delivered to children who are deaf and hard of hearing.

**LAURENT CLERC NATIONAL DEAF EDUCATION CENTER**  
Gallaudet University

(415) 921-2243 (Fax)  
Website: www.hearingspeech.org  
E-mail: info@hearingspeech.org  

This organization has an accredited auditory-oral special day classes for children 18 months to age seven. Services provided include: itinerant teaching services for
students in the mainstream, IEP/IFSP planning, transitional planning, classroom observations, family education and support services and consultation to educators working with students with hearing loss. Individual programs are designed for children to utilize all modes of amplification and to develop their speech, language and listening skills.

INDEPENDENTLY MERGING PARENTS ASSOCIATION OF CALIFORNIA (IMPACT)
*Together for Deaf and Hard of Hearing Children*
(877) 322-7299
Website: [www.deafkids.org/intro.htm](http://www.deafkids.org/intro.htm)

IMPACT is a California statewide all-volunteer, non-profit organization of parents, teachers and professionals serving deaf and hard-of-hearing children. Established in 1986 by 12 parents, IMPACT has a current membership of over 400 and is supported and encouraged by a host of organizations that serve the deaf community.

**K12 ACADEMICS**
Owner: Chris Glavin
Website: [www.k12academics.com/deaf.htm](http://www.k12academics.com/deaf.htm)

This website offers information and resources to parents, teachers and children who are deaf regarding education modalities grades K-12.

**NO LIMITS**
9801 Washington Boulevard, 2nd Floor
Culver City, CA 90232
(800) 948-7712 (Voice)
(310) 280-0878 (Voice)
(310) 280-0872 (Fax)
Website: [www.nolimitsspeaksout.com](http://www.nolimitsspeaksout.com)
E-mail: info@KidswithNoLimits.org

The No Limits Speech and Language Center works with the students from public schools and gives each child four hours per week after school, allowing them to improve their oral language and academics. Additionally, the Center offers biweekly reading classes, parent education workshops and a book club for older students.

**SHARED READING PROJECT**
Gallaudet University Regional Center
Ohlone College
43600 Mission Boulevard
Fremont, CA 94539
(510) 659-6268 (Voice/TTY)
(510) 344-5594 (VP)
(510) 659-6033 (Fax)
Website:  
http://clerccenter.gallaudet.edu/Clerc_Center/Information_and_Resources/Info_to_Go/Language_and_Literacy/Literacy_at_the_Clerc_Center/WELCOME_to_Shared_Reading_Project.html

The Shared Reading Project is designed to teach parents and caregivers how to read to their children who are deaf and hard of hearing using American Sign Language (ASL) in a manner that makes book sharing most effective. The Laurent Clerc National Deaf Education Center, which is housed at Gallaudet University in Washington, D.C., designed this specialized reading program. The regional center for California is located at Ohlone College in Fremont. To locate educational programs in California that utilize the Shared Reading Project protocol, contact Gallaudet University Regional Center at Ohlone College.

SCHOOLS FOR CHILDREN WITH HEARING LOSS (GRADES K-12)

There are a variety of communication options available in school settings for a child with a hearing loss and every child is unique and different in their response to these techniques. Regardless of the type of communication method that is used, it is essential that intervention begin at an early age and that an appropriate Individualized Education Program be in place to facilitate optimal learning. To locate a school that has educational programs for children who are deaf and hard of hearing, contact the California Department of Education’s County Office of Education in which the child resides. A list of these county offices can be found in the “Educational Resources for Children” section of this directory. Below is a brief description of communication modalities used in the classroom, as well as, a listing of some of the schools that use these various communication methods.

**Oral Method**
The Oral Method of communication utilizes speechreading (lipreading) and the maximal use of a child’s residual hearing for the development and production of speech. The premise behind this method is that a child with a hearing loss will then be able to communicate more effectively with hearing individuals.

**Cued Speech Method**
Cued Speech facilitates lip-reading by having the speaker simultaneously use hand gestures while speaking to help the listener visually distinguish between similar looking sounds on the speaker’s lips.

**Manual Communication Methods**
Manual methods of communication utilize a child’s ability to communicate through visual stimuli such as fingerspelling and sign languages.

**Total Communication (TC) Method**
The philosophical basis for Total Communication (TC) is for a child with a hearing loss to use any and all communication methods necessary to facilitate language acquisition.
This system, which typically uses signs in English word order, may include: speech, fingerspelling, manual signs, gestures, speech-reading, cued speech, and augmentation of residual hearing. Basically, this mode of communication may utilize any combination of the communication options listed above.

SCHOOLS THAT USE TOTAL COMMUNICATION (GRADES K-12)

Refer to the County Offices of Education where the student resides for a listing of schools at www.cde.ca.gov/re/sd/co/index.asp

CALIFORNIA SCHOOL FOR THE DEAF, FREMONT
39350 Gallaudet Drive
Fremont, CA 94538
(510) 794-3666 (Voice)
(510) 344-6044 (VP)
(510) 794-2409 (Fax)
Website:  www.csdf.k12.ca.us

This is the California Department of Education’s, Division of State Special Schools, residential program for the deaf that serves children in the Fremont, Union City and Newark areas. Services provided include: audiological assessment; auditory training; loaner hearing aids; parent education classes and workshops; family sign language classes; home visitation and training; speech and language training and a Shared Reading Project. Curriculum is offered for grades K-12, in addition to an early childhood intervention program.

CALIFORNIA SCHOOL FOR THE DEAF, RIVERSIDE
3044 Horace Street
Riverside, CA 92506
(951) 248-7700 (Voice/TTY)
Website:  www.csdr-cde.ca.gov

This is the California Department of Education’s, Division of State Special Schools, residential program for the deaf and provides services for children that reside in the Riverside Unified School District. The services provided include: speech and language training; audiological services; literacy training; ASL instruction as a tool for later speech and language acquisition; parent and family participation; home visits with parents and children and family sign language classes. The student body ranges from 18 months to 22 years of age and reflects the diverse population of the region.

SCHOOLS THAT USE THE ORAL METHOD (GRADES K-12)

Refer to the County Offices of Education where the student resides for a listing of schools.
AUDITORY ORAL SCHOOL OF SAN FRANCISCO
1234 Divisadero Street
San Francisco, CA  94115
(415) 921-7658
(415) 921-8990 (TTY)
(415) 921-2243 (Fax)
Website: http://auditoryoralsf.org/
E-mail: jan@hearingspeech.org

The mission of the Auditory Oral School Program is to teach children with a hearing loss to be able to communicate effectively by developing spoken language and listening skills. Children with mild to profound hearing losses using appropriate amplification are given access to spoken language through strong speech, language, and auditory training focusing on individual needs, family concerns, and involvement.

CCHAT CENTER-SACRAMENTO
Children's Choice for Hearing and Talking
11100 Coloma Road
Rancho Cordova, CA  95670
(916) 361-7290 (Voice)
(916) 361-8613 (Fax)
Website: http://www.cchatsacramento.org/
E-mail: info@cchatsacramento.org

CCHAT-Sacramento, an auditory/oral school, teaches children who are deaf and hard of hearing to listen and talk. The CCHAT Center promotes active parent involvement including participation in class, therapy, and school wide activities. CCHAT has an early childhood education program and an elementary school program.

ECHO HORIZON SCHOOL
3430 McManus Avenue
Culver City, CA  90232
(310) 838-2442
(310) 838-0479 (Fax)
Website: www.echohorizon.org
E-mail: info@echohorizon.org

Echo Horizon School is a private, independent elementary school designed to include children who are hearing and those with hearing loss in an all inclusive environment for grades Pre-Kindergarten through 6th grade.

JEAN WEINGARTEN PENINSULA ORAL SCHOOL FOR THE DEAF
3518 Jefferson Avenue
Redwood City, CA  94062
(650) 365-7500
(650) 365-7551 (Fax)
Website: www.deafkidstalk.org
The program at the Jean Weingarten Peninsula School Oral School for the Deaf focuses on the development of auditory, language, speech, and cognitive skills in children with hearing aids and cochlear implants. Services provided include: auditory training; speech and language training; and family support groups and training. The program accepts children birth to 7 years of age.

**JOHN TRACY CLINIC**
806 West Adams Boulevard
Los Angeles, CA  90007
(213) 748-5481 (Voice)
(213) 747-2924 (TTY)
Website:  [www.johntracyclinic.org](http://www.johntracyclinic.org)

The John Tracy Clinic provides parent-centered education programs for newborns, toddlers, and preschool children who are deaf and hard of hearing and reside in the Southern California area. All services are free of charge and include: comprehensive pediatric audiological testing; speech and language training; parent classes and support groups, and counseling and evaluation that emphasizes early diagnosis and intervention.

**HEAR CENTER**
301 East Del Mar Boulevard
Pasadena, CA  91101
(626) 796-2016
(626) 796-2320 (Fax)
Website:  [www.hearcenter.org](http://www.hearcenter.org)
E-mail:  Info@hearcenter.org

This program that utilizes the auditory approach helps children, aged 1-10, learn to speak through early identification of hearing loss, amplification with hearing aids and training in learning to listen and speak.

**NO LIMITS**
9801 Washington Boulevard, 2nd Floor
Culver City, CA  90232
(800) 948-7712 (Voice)
(310) 280-0878 (Voice)
(310) 280-0872 (Fax)
Website:  [www.nolimitsspeaksout.com](http://www.nolimitsspeaksout.com)
E-mail:  info@KidswithNoLimits.org

The No Limits Speech and Language Center works with the students from public schools and gives each child four hours per week after school, allowing them to improve their oral language and academics. Additionally, the Center offers biweekly reading classes, parent education workshops and a book club for older students.
ORALINGUA SCHOOL FOR THE HEARING IMPAIRED

Please refer to the degree abbreviations that are listed below while referencing the degree programs offered at postsecondary institutions in this section.

**Degree Acronyms**

A.A. – Associate of Arts  
B.A. – Bachelor of Arts  
B.S. – Bachelor of Science
M.A. – Master of Arts
M.S. – Master of Science

THE POSTSECONDARY EDUCATION PROGRAMS NETWORK (PEPNet)
National Center on Deafness
California State University, Northridge
18111 Nordhoff Street
Northridge, CA  91330
(818) 677-2099 (Voice/TTY)
(818) 677-6270 (Fax)
Website:  www.pepnet.org
E-mail:  pepnetwest@pepnet.org

This one of four Regional Postsecondary Education Centers for Individuals who are deaf and hard of hearing was created to ensure that every postsecondary institution in the United States could easily access the technical assistance and outreach services that the Centers provide. Services and training are provided for coordination of support services, postsecondary legal obligations, working with students who are hard of hearing, interpreting, captioning and notetaking, print to text technology, assistive listening devices, orientation to deafness, vocational education, and additional topics.

California Community Colleges

AMERICAN RIVER COLLEGE
4700 College Oak Drive
Sacramento, CA  95841
(916) 484-8011
Website:  www.arc.losrios.edu
E-mail:  info@arc.losrios.edu
Program Degree(s):  A.A. in Sign Language Studies: Business
                  A.A. in Sign Language Studies: Human Services
                  A.A. in Interpreter Preparation Program
                  Certificate in Sign Language Studies: Business
                  Certificate in Sign Language Studies: Human Services
                  Certificate in Sign Language Studies: Interpreter Training

SIERRA COLLEGE
5000 Rocklin Road
Rocklin, CA  95677
(800) 242-4004 (northern California)
(916) 624-3333 (Rocklin Campus)
(916) 781-6200 (Roseville Gateway Campus)
(530) 274-5300 (Nevada County Campus)
(530) 550-2225 (Tahoe/Truckee Center)
Website:  www.sierracollege.edu
Program Degree(s):  A.A. in Deaf Studies, American Sign Language
                  Certificate in Deaf Studies, American Sign Language
OHLINE COLLEGE
43600 Mission Boulevard
Fremont, CA 94539-5847
(510) 659-6000
Website: www.ohlone.edu/instr/deafstudies/asl
Program Degree(s): A.A. in American Sign Language and Deaf Studies
Certificate in American Sign Language and Deaf Studies

California Colleges and Universities

CALIFORNIA LUTHERAN UNIVERSITY
60 West Olsen Road, #4150
Thousand Oaks, CA 91360
(805) 493-3335 (Voice)
(805) 493-3608 (Fax)
Website: www.callutheran.edu/education/programs/special_education/deaf_hard_hearing.php
E-mail: clugrad@callutheran.edu
Program Degree(s): M.S. in Education of the Deaf
Credential in Education Specialist of the Deaf and Hard of Hearing

CALIFORNIA STATE UNIVERSITY – FRESNO
College of Health and Human Services
Department of Communicative Disorders and Deaf Studies
5310 North Campus Drive, MS PH 80
Fresno, CA 93740
(559) 278-2423 (Voice)
(559) 278-5187 (Fax)
Website: www.csufresno.edu/chhs/depts_programs/comm_disorders_deaf_stud
Program Degree(s): B.A. in Communicative Disorders with emphasis in Deaf Education or Sign Language interpreting
M.A. in Communicative Disorders with emphasis in Deaf Education

CALIFORNIA STATE UNIVERSITY- NORTHRIDGE
Department of Special Education
18111 Nordhoff Street
Northridge, CA 91330
(818) 677-1200 (Voice)
Website: www.csun.edu/~sch EDUC/dfst/old
Program Degree(s):
B.A. in Deaf Studies with four different areas of emphasis:
1. Communication Sciences and Services which focuses on sign language interpreting.
2. **Language and Culture** is designed for those who wish to teach American Sign Language (ASL) or do studies in linguistics or anthropology.

3. **Human Services** is for individuals who are interested in pursuing careers in the fields of counseling, social work, vocational rehabilitation, independent living centers, or other human service vocations.

4. **Deaf Education and Special Option** differs from the four concentrations in that there is no specific electives required. The person can develop an individualized program with their career goal in mind.

**M.A. in Special Education in Deaf and Hard of Hearing Studies**

### CALIFORNIA STATE UNIVERSITY- SAN JOSE
**Deaf Education Teacher Preparation Program**
Sweeney Hall 234
One Washington Square
San Jose, CA  95192
(408) 924-3784 (Voice)
Website: [www.sjsu.edu/specialed/Programs/deaf_credential/](http://www.sjsu.edu/specialed/Programs/deaf_credential/)
E-mail: sjsu.specialed@yahoo.com
Program Degree(s): B.A. Minor in Deaf Education  
Credential in Deaf and Hard of Hearing Studies

### JOHN TRACY CLINIC/UNIVERSITY OF CALIFORNIA, SAN DIEGO
806 West Adams Boulevard
Los Angeles, CA  90007
(213) 748-5481, ext. 225 (Voice)
(213) 747-2924 (TTY)
Website: [www.jtc.org/professional-education/masters-and-credential-program](http://www.jtc.org/professional-education/masters-and-credential-program)
E-mail: mmcginnis@jtc.org
Program Degree(s): M.A. in Listening and Spoken Language in Early Childhood Deaf Education  
Credential in Listening and Spoken Language in Early Childhood Deaf Education

### UNIVERSITY OF CALIFORNIA, SAN DIEGO
Office of Graduate Studies  
Student Services Center (SSC)-402 Uctr, Mail Code 0003  
9500 Gilman Drive  
La Jolla, CA  92093  
(858) 534-2230  
Website: [http://ogs.ucsd.edu/default.aspx](http://ogs.ucsd.edu/default.aspx)
E-mail: gradconnecto@ucsd.edu
Program Degree(s): M.A. in ASL-English Bilingual Education
National Colleges and Universities

GALLAUDET UNIVERSITY
800 Florida Avenue, NE
Washington, DC  20002
(202) 651-5000 (Voice/TTY)
Website:  www.gallaudet.edu
E-mail:  clerccenter@gallaudet.edu
Program Degree(s):  B.A. or B.S. in 40 different major courses of study
M.A. or M.S. in various courses of study
Specialist Degree in various courses of study
Credential in various courses of study
Doctorate in various courses of study

Gallaudet University provides liberal education and career development for undergraduate students who are deaf and hard of hearing. The University enjoys an international reputation for the graduate programs it provides students who are deaf, hard of hearing and hearing, as well as for the quality of the research it conducts on the history, language, culture, and other topics related to people who are deaf. In addition, the University's Laurent Clerc National Deaf Education Center serves children who are deaf and hard of hearing at its two demonstration schools and throughout the nation by developing, implementing, and disseminating innovative educational strategies.

ROCHESTER INSTITUTE OF TECHNOLOGY (RIT)
NATIONAL TECHNICAL INSTITUTE FOR THE DEAF (NTID)
52 Lomb Memorial Drive
Rochester, NY  14623
(585) 475-6400 (Voice/TTY)
Website:  http://www.rit.edu/
Email:  NTIDMC@rit.edu
Program Degree(s):  Additional information about majors, degrees and RIT's Colleges is listed at:  http://www.rit.edu/programs/

RIT offers accessible higher education for students with hearing loss. Faculty tutors, advisors, captionists, assistive listening systems, and the largest staff of sign language interpreters of any college program in the world are available at RIT.
EMPLOYMENT

EMPLOYMENT RESOURCES

In addition to the resources listed in this section, a primary source for employment placement and training for persons with hearing loss is the California Department of Rehabilitation (DOR). For more in-depth information on the services provided by DOR, refer to the section entitled “Department of Rehabilitation” in this directory.

ABILITYJOBS
Ability Mail Center
P.O. Box 10878
Costa Mesa, CA 92627
Website: www.jobaccess.org
E-mail: custserv@jobtarget.com

The goal of ABILITYJobs is to enable people with disabilities to enhance their professional lives by providing a dedicated system for finding employment. JobAccess provides a place where people with disabilities can seek employment and be evaluated solely on their skills and experience. The ABILITY resume builder helps users to build and post a professional looking resume that companies across the United States will be able to browse.

CALIFORNIA COMMITTEE ON EMPLOYMENT OF PEOPLE WITH DISABILITIES
721 Capitol Mall
Sacramento, CA 94814
1-(855)-894-3436 (Voice)
Website: http://www.dor.ca.gov/CCEPD/index.html
E-mail: CCEPD@dor.ca.gov

The California Committee on Employment of People with Disabilities is established to advance the employment of people with disabilities in the state. The primary function of the committee is to consult with and advise the Secretary of the Labor and Workforce Development Agency and the Secretary of the California Health and Human Services Agency on all issues related to full inclusion in the workforce of persons with disabilities.
DEAF AND HARD OF HEARING IN GOVERNMENT (DHHIG)
Website: www.dhhig.org
E-mail: info@dhhig.org

DHHIG is a national non-profit organization whose purpose is two-fold. It serves as an employee support group for Federal employees who are either deaf or hard of hearing and as a nationwide resource organization for the Federal government. DHHIG coordinates and collaborates with external forces such as U.S. Office of Personnel Management, U.S. Employment Equal Opportunity Commission, the U.S. Congress, the White House, President’s Task Force on Employment of Adults with Disabilities, Hearing Loss Association of America, National Association of the Deaf, Alexander Graham Bell Association for the Deaf, and other entities.

DISABILITY BENEFITS 101
Website: http://ca.db101.org

Disability Benefits 101 (DB101) is a benefit planning website designed to help workers, job seekers, and service providers understand the connections between work and benefits for persons with disabilities. The site presents rules for health coverage, benefits, and employment programs in an easy-to-use format that assists persons with disabilities.

EMPLOYMENT DEVELOPMENT DEPARTMENT (EDD)
P.O. Box 826880, MIC 83
Sacramento, CA  94280-0001
EDD Phone Directory: www.edd.ca.gov/About_EDD/Department_Directory.htm
EDD Website: www.edd.ca.gov

- One Stop Career Center System: www.edd.ca.gov/Office_Locator/
- Workforce Services Offices by City: www.edd.ca.gov/Office_Locator/
- Disability Insurance Offices by City: www.edd.ca.gov/Office_Locator/

EDD provides a comprehensive range of employment and training services in partnership with state and local agencies and organizations. These services, provided statewide through a One-Stop Career Center system or Service Offices, benefit job seekers, laid off workers, youth, individuals currently working, veterans, people with disabilities, and employers.

GOODWILL INDUSTRIES OF SAN FRANCISCO, SAN MATEO AND MARIN COUNTIES
Goodwill Corporate Offices
1500 Mission Street
San Francisco, CA  94103
(415) 575-2101 (Voice)
711 (TTY)
(415) 575-2170 (Fax)
If referred by the San Francisco Department of Rehabilitation, there is a grant-funded program that provides job preparation, job placement, and employment retention services to individuals with disabilities. They also provide a six-month welfare-to-work program providing paid work experience, classroom training, case management and job coaching to enable unemployed or underemployed recipients of public assistance for transition to viable employment.

GOODWILL INDUSTRIES OF SOUTHERN CALIFORNIA
Deaf Training and Employment Center
342 San Fernando Road
Los Angeles, CA 90031
(888) 446-6394 (Voice)
(323) 223-1211 (Voice)
Website: www.goodwillsocal.org
E-mail: info@goodwillsocal.org

The Deaf Training Employment Center offers a range of services to the deaf community, focusing on employment services including job development, job readiness, and placement. This organization also offers personal vocational social adjustment classes readying persons for the working world and its corporate culture.

JOB ACCOMMODATION NETWORK (JAN)
P.O. Box 6080
Morgantown, WV 26506-6080
(800) 526-7234 (Voice)
(877) 781-9403 (TTY)
(304) 293-5407 (Fax)
Website: askjan.org/
E-mail Listings: askjan.org/links/contact.htm#email
On-line Accommodation Resource: askjan.org/soar/

JAN is a free consulting service designed to increase the employability of people with disabilities by: 1) providing individualized worksite accommodations solutions, 2) providing technical assistance regarding the ADA and other disability related legislation and, 3) educating callers about self-employment options.

LIMITED EXAMINATION AND APPOINTMENT PROGRAM (LEAP)
Employment into State Service for Persons with Disabilities
California Department of Human Resources (CalHR):
LEAP Program Coordinator:
(916) 651-9017 (Voice)
(916) 653-1498 (TTY)
Website: http://www.calhr.ca.gov/state-hr-professionals/Pages/limited-examination-appointment-program.aspx
The Limited Examination and Appointment Program (LEAP) is an alternative examination and appointment process for the recruiting and hiring of a person with disabilities into state service. The CalHR has some LEAP examinations listed on their website. In addition to these listings, each state department also has their own LEAP examination listings, so it is best to look up this information at the department in which you seek employment. The DOR certifies eligibility on a LEAP referral list by verifying that requirements of a person with disability are met. The person can then begin to apply for LEAP class examinations during open testing periods. LEAP examinations are given on-line via the internet or by mail.

The LEAP examination is a two-part process. In part I, the Readiness Evaluation, education, experience, and personal qualifications are evaluated in regards to readiness for work. If successful on the application to the Readiness Evaluation, an individual will remain on a list for 24 months and may begin applying to and interviewing with state departments that offer eligible LEAP classification. Once hired, the Job Examination Period or part II of the LEAP process begins. Upon successful completion of a temporary two to four month on-the-job performance evaluation period, the person is hired and the standard probationary period for that position will then commence. As a LEAP candidate, an individual receives the same salary as any employee in that regular civil service class.

PRIDE INDUSTRIES
10030 Foothills Boulevard
Roseville, CA  95747-7102
(800) 550-6005 (Voice)
(916) 788-2100 (Voice)
(800) 888-0447 (Fax)
Website:  www.prideindustries.com

PRIDE Industries is a job placement organization that assists in the creation of jobs for people with disabilities. PRIDE operates vocational rehabilitation services and acts as a liaison between hiring entities and job seekers. Rehabilitation services are available through PRIDE's headquarters in Roseville, as well as offices throughout California in Fairfield, South Sacramento, Sacramento, North Sacramento, Auburn, Grass Valley and Thousand Oaks (Ventura/Los Angeles).
TOOLWORKS
25 Kearny Street, Suite 400
San Francisco, CA  94108
(415) 733-0990 (Voice)
(415) 255-5857 (Videophone)
(415) 733-0991 (Fax)
Website:  www.toolworks.org
E-mail:  info@toolworks.org

Toolwork's Deaf Services provides extensive support and training in the areas of training, employment services and client support for deaf and hard of hearing adults in the Bay area.

CALIFORNIA DEPARTMENT OF REHABILITATION

CALIFORNIA DEPARTMENT OF REHABILITATION

Mailing Address
P.O. Box 944222
Sacramento, CA  94244

Physical Address
721 Capitol Mall
Sacramento, CA 95814

Website:  www.dor.ca.gov
(916) 324-1313 (VOICE)
(916) 558-5807 (TTY)

Deaf and Hard of Hearing Services:
E-mail:  dhhs@dor.ca.gov
(916) 558-5670 (Voice)
(916) 558-5673 (TTY)

The Department of Rehabilitation (DOR) assists Californians with hearing loss in obtaining and retaining employment. In addition to this employment service, the DOR assists people so that they can maximize their ability to live independently in their communities. They also provide Americans with Disabilities Act technical assistance and training in addition to funding Independent Living Centers, which offer information and referral services to assist individuals with disabilities so they may live active, independent lives.
Although all DOR offices assist all consumers, some of the offices have counselors for the deaf and hard of hearing. A "(D/H)" included in an address designates it as a "home" office of rehabilitation counselors for the deaf and hard of hearing (RCDs). RCDs provide a wide range of vocational rehabilitation services to persons who are deaf, hard of hearing, or late deafened. The RCDs are qualified as being proficient in American Sign Language (ASL) so as to ensure direct communication access with consumers who use ASL as their primary mode of communication. For persons that have a visual impairment in addition to a hearing loss, there are rehabilitation counselors for the blind at some of these offices and these will be denoted with a (B).
FINANCIAL ASSISTANCE PROGRAMS

SOCIAL SECURITY

Eligibility for Social Security is authorized by Title II of the Social Security Act. The official name is Old Age, Survivors and Disability Insurance (OASDI). The amount of monthly income you may obtain from Social Security is determined by how much you have contributed to Social Security. It is not based on your financial need, so if you have worked for a certain number of quarters and paid into the Social Security fund, you will be able to collect payments based on your contributions. The Social Security Administration (SSA) has a toll-free number that operates from 7:00 a.m. to 7:00 p.m., Monday through Friday. Please have your social security number ready when you call. The contact information for SSA is listed below.

(800) 772-1213 (Voice)
(800) 325-0778 (TTY)
Website: www.ssa.gov

There is a SSA website for frequently asked questions which is located at: ssa-custhelp.ssa.gov/app/answers/list

If you still need additional help, you may write to the Office of Public Inquiries:

Social Security Administration
Office of Public Inquiries
Windsor Park Building
6401 Security Boulevard
Baltimore, MD 21235

Contact the Social Security office nearest your residence to get more information about the various Social Security programs. To locate the office nearest your residence, you can access the online Social Security Office Locator at: secure.ssa.gov/apps6z/FOLO/fo001.jsp.

SOCIAL SECURITY DISABILITY INSURANCE

Eligibility for Social Security Disability Insurance (SSDI) is also based on your earnings, those of your spouse or your parents. If you have worked for a certain length of time and have a hearing loss, you may be eligible for SSDI. The SSA provides several pamphlets and brochures about its programs, so you may want to contact the Social Security office nearest you to request these materials. A general overview of SSDI, as well as Supplemental Security Income (SSI) can be found at: www.socialsecurity.gov/redbook/.
SUPPLEMENTAL SECURITY INCOME

Eligibility for Supplemental Security Income (SSI), authorized by Title XVI of the Social Security Act, is based on financial need. The SSI program makes cash assistance payments to aged, blind, and disabled individuals (including children under age 18) who have limited income and resources. The amount that you may receive will depend on your income and resources. You may apply in person or over the telephone and you should inquire at the Social Security office nearest you. Telephone numbers for Social Security offices are listed under United States Government, Department of Health and Human Services, in your telephone directory. A general overview of SSI qualifications can be found at: www.socialsecurity.gov/pubs/11000.html#part1

SSI and SSDI programs share many similar concepts and terms, but there are also several, very important differences in the rules affecting eligibility and benefit payments. Individuals may apply to both programs and some people are eligible for benefits under both SSI and SSDI. The term “concurrent” is used when individuals are eligible for benefits under both programs. Examples of concurrent benefits can be found at: www.socialsecurity.gov/redbook/eng/supportsexample.htm.

ASSISTANCE DOG SPECIAL ALLOWANCE PROGRAM

California Department of Social Services
Office of Services to the Blind
744 P Street, MS 8-16-94
Sacramento, CA  95814
(916) 657-2628 (Voice)
(916) 653-7651 (TTY)
Website: www.dss.cahwnet.gov/CDSSWEB/PG82.htm
E-mail: ADSAUser@dss.ca.gov

The Assistance Dog Special Allowance (ADSA) program provides a monthly payment to eligible persons who use a guide, signal or service dog to help them with needs related to their physical disabilities. The allowance is to help pay the cost of food, grooming and health care for the dog.

To be eligible for the ADSA program, an individual must meet all four of the following criteria:

- Live in California.
- Be blind, deaf, hard of hearing or disabled.
- Use the services of a guide, signal or service dog.
- Receive benefits from one or more of the following programs:
- Supplemental Security Income (SSI)
- State Supplementary Payment (SSP)
- In-Home Supportive Services (IHSS)
- Social Security Disability Insurance (SSDI) (SSDI recipients must also meet federal poverty guidelines)
- Cash Assistance Program for Immigrants (CAPI)

DISABILITY BENEFITS 101
Website:  [http://ca.db101.org/](http://ca.db101.org/)
Disability Benefits 101 (DB101) is a benefit planning website designed to help workers, job seekers, and service providers understand the connections between work and benefits for persons with disabilities. The site presents rules for health coverage, benefits and employment programs in an easy-to-use format that assists persons with disabilities.

Since the disability experience is unique for each person, the three Benefit Planner Calculators (explained below) and the PASS program were created to assess the connection and interaction between programs and changing life situations.

- **Benefits to Work Calculator:** If a person is currently on disability benefits, this illustrates the benefit changes should he or she take a job.

- **School to Work Calculator:** Many benefits program rules change upon a person’s 18th birthday; this will help an individual navigate these changes.

- **Medi-Cal for the Working Disabled Calculator:** Determines an employed individual’s eligibility for the Medi-Cal 250% California Working Disabled Program. This is a benefit in addition to those that a person may already be receiving.

- **PASS Program:** Should someone wish to set aside money to subsidize a career goal, the Supplemental Security Income’s (SSI’s) Plan for Achieving Self Support (PASS) can assist in saving money toward this goal while the SSI benefits help pay for basics such as food and shelter.

**DISABLED PARKING PLACARD**

The Department of Motor Vehicles (DMV) will issue a disabled parking placard to a deaf-blind person. This placard is transferable from vehicle to vehicle whenever the person with sight loss is a passenger. It is usable in specially marked disabled parking
spaces and will enable the driver to park free at parking meters. Permanent parking placards for permanent disabilities are valid for two years and there is a substantial penalty for misuse. There is no fee for a permanent parking placard, its replacement, or for a travel placard.

- **Information About Placards For Disabled Persons:**
  - [www.dmv.ca.gov/pubs/brochures/fast_facts/ffvr07.htm](http://www.dmv.ca.gov/pubs/brochures/fast_facts/ffvr07.htm)

- **Application for Disabled Person Placard or Plates (Form REG 195):**
  - [www.dmv.ca.gov/forms/reg/reg195.htm](http://www.dmv.ca.gov/forms/reg/reg195.htm)

**Scheduling DMV Appointments:** (800) 777-0133 (Voice)

**DISCOUNTS AT STATE PARKS AND OTHER RECREATIONAL FACILITIES**

**CALIFORNIA STATE PARKS**

Attn: Disabled Discount Pass Program  
1416 9th Street, Room 144  
Sacramento, CA  95814  
(800) 777-0369, ext. 2 (Toll Free)  
(916) 653-8280 (Voice)  
Website: [www.parks.ca.gov/?page_id=1049](http://www.parks.ca.gov/?page_id=1049)  
Application Website: [www.parks.ca.gov/?page_id=1049](http://www.parks.ca.gov/?page_id=1049)

California State Parks offer a Disabled Discount Pass. For a small fee, a lifetime pass is issued to applicants who are eligible. The pass entitles you to a 50 percent discount on basic facility use fees including day parking, camping and boat/day parking. The pass may be used at all parks and recreation sites operated by the State of California except Hearst Castle at San Simeon.

**DISCOUNTS AT U.S. GOVERNMENT NATIONAL PARKS AND OTHER RECREATIONAL FACILITIES**

**AMERICA THE BEAUTIFUL – NATIONAL PARKS AND FEDERAL RECREATIONAL LANDS PASS— ACCESS**

Website: [www.nps.gov/fees_passes.htm](http://www.nps.gov/fees_passes.htm)

Similar to the State of California, the U.S. Government also offers a discount pass. This is known as the Pass. This lifetime pass, for persons with permanent disabilities, allows access to use of national parks, campgrounds and other federally operated recreational facilities either free or at reduced rates. Documentation of disability is required to obtain the pass. The Access Pass must be obtained in person at a participating Federal recreation site or office. Many local tourist attractions such as museums, amusement parks and reserves also offer discounts to persons with disabilities. Always remember to ask if the attraction you are visiting has a special rate for persons with disabilities.
The U.S. Postal Service allows visually impaired persons (this applies to deaf-blind individuals) to send and receive books, recorded material, certain types of equipment and other mail free-of-charge if they are registered at the local post office. In the right top corner of the envelope, you will need to place the words “FREE MATTER FOR THE BLIND OR HANDICAPPED”. You may send for a copy of the pamphlet, “Mailing Free Matter for Blind and Visually Handicapped Persons” from the Office of the Consumer Advocate.

**TAX BENEFITS**

People who have both visual and hearing impairments, who are certified as legally blind are eligible for a special deduction on their income taxes in addition to the standard deductions they may be entitled to. They will need a statement from their doctor affirming visual impairment and it must be attached to their tax returns. Persons with a hearing loss may be able to deduct cost and repair of special telephone equipment and/or the persons with hearing loss. The amount of these fixed deductions depends on filing status and the amount may vary from year to year. There may also be additional deductions based on a visual impairment. To view possible deductions, consult the Internal Revenue Service’s “Tax Highlights for Persons with Disabilities” (Publication 907) at: www.irs.gov/pub/irs-pdf/p907.pdf.
GUIDELINES WHEN COMMUNICATING WITH A PERSON WHO IS DEAF OR HARD OF HEARING

- It is appropriate to use the terms deaf or hard of hearing person when referring to a person with a hearing loss.
- Hard of hearing, and deaf individuals do not communicate in the same ways. Deaf people tend to utilize their visual skills, hard of hearing people tend to utilize their listening and speaking skills.
- To get the attention of a person with a hearing loss, call his/her name. If there is no response, you can lightly touch him/her on the arm or shoulder, or wave your hand in his/her field of vision an appropriate distance from his/her face.
- Always look directly at a person who has a hearing loss. Use eye to eye contact. Watch the individual’s eyes to ensure understanding - do not depend on affirmative head nodding only.
- Make sure that your mouth can be seen.
- Use facial expressions and body language to communicate the emotion of a message, such as displeasure or approval.
- If you are asked to repeat yourself several times, try rephrasing your sentence.
- Speak directly to the deaf or hard of hearing person at a moderate pace while using sign language.
- Be aware of the environment. Large, crowded rooms and hallways can be very difficult for persons with hearing loss. Bright sunlight and shadows also present barriers.
- When using an interpreter:
  - Always address your comments directly to the deaf person, never to the interpreter.
  - Always face the individual, and not the interpreter.
HEARING AIDS AND COCHLEAR IMPLANTS

Hearing aids and cochlear implants work in slightly different manners to facilitate sound transmission for individuals with hearing loss. Generally speaking, hearing aids work much like "public address" systems. Each hearing aid, which is run by batteries, contains a microphone (picks up sound around you), an amplifier (makes the sound louder), and a receiver (delivers the sound to your ear). There are three basic types of hearing aids. Custom In-the-Ear Hearing Aids (ITE) have small components that fit in the bowl of the ear which are intended for mild to moderate hearing loss. Behind-the-Ear Hearing Aids (BTE) sit behind the ear and are coupled to an ear mold which fits into the ear. These aids have the flexibility to fit every type of hearing loss. Pocket (Body) Hearing Aids are carried in a pocket or worn on the body. This type of aid is intended for severe to profound hearing losses.

Cochlear implants are surgically implanted devices that send sound information via electrical stimulation directly to the auditory nerve, bypassing the damaged, missing or non-functioning sensory receptors (hair cells) located within the inner ear. These are unlike hearing aids which simply amplify sounds and send the signals to these sensory receptors. In order to have access to environmental sounds and speech information, a person with a cochlear implant must wear an external sound processor (either a body-worn, pager-sized model or a behind-the-ear model) and a microphone. Sound is picked up at the level of the microphone and sent to the sound processor where the sound signals are converted into digital signals. These digitized signals are then delivered to an internal electrode array that was surgically placed in the inner ear. Contacts on this electrode array electrically stimulate hearing nerve fibers which, in turn, carry the signals to the brain where they are "heard."

Cochlear implants have received Food and Drug Administration approval for use in adults with severe or profound hearing loss in both ears who receive little or no benefit from the use of hearing aids. They are also approved for children 12 months of age or older who have profound hearing loss in both ears, and who receive little or no benefit from hearing aids. The type of amplification device that is best for an individual must be determined by a thorough examination by an audiologist.

HEARING AIDS IN PUBLIC SCHOOLS

Public schools are a possible source for the provision of hearing aids for children. Many times it is difficult to get schools to provide hearing aids for use during school hours. It is even more difficult to acquire these hearing aids for use at home in conjunction with a child's academic Individualized Education Program (IEP). The following information may be helpful regarding hearing aids: website listings for documents and legislation listed below will follow at the end of this section.
The Office of Special Education Programs (OSEP) has written guidance letters clarifying for schools that “Hearing Aids are Assistive Technology” and that “Presumptively Denying Assistive Technology” is unacceptable. The Individuals with Disabilities Education Act (IDEA) strengthens academic expectations and accountability for the nation’s 5.8 million children with disabilities and bridges the gap that has existed between what children with disabilities learn and what is acquired in regular curriculum. The final regulations of IDEA read, “On a case-by-case basis, the use of school-purchased assistive technology devices in a child's home or in other settings is required if the child's IEP team determines that the child needs access to those devices in order to receive FAPE…” (FAPE is an acronym for “Free and Appropriate Public Education”).

Section 504 of the Rehabilitation Act of 1973 protects the rights of individuals with disabilities in programs and activities that receive federal funds. The U.S. Department of Education (ED) enforces Section 504 in programs and activities that receive funds from ED and these include public school districts. This regulation requires a school district to provide a FAPE to each qualified person with a disability who is in the school district’s jurisdiction, regardless of the nature or severity of the person’s disability.

OSEP GUIDANCE LETTERS

HEARING AID AND COCHLEAR IMPLANT ASSISTANCE PROGRAMS

HEARING AID ASSISTANCE PROGRAMS

The organizations listed below may offer financial assistance towards the purchase of hearing aids to people with limited incomes.

AUDIENT PROGRAM
EPIC Hearing Services
17870 Castleton Street, Suite 320
City of Industry, CA 91748
(866) 956-5400
Website: www.audientalliance.org
This program offers reduced cost hearing aids for qualifying low income applicants.

**CALIFORNIA DEPARTMENT OF REHABILITATION**  
**Deaf and Hard of Hearing Services**  
(916) 558-5670 (Voice)  
(916) 558-5673 (TTY)  
E-mail: [dhhs@dor.ca.gov](mailto:dhhs@dor.ca.gov)

The Department of Rehabilitation (DOR) purchases hearing aids for clients if needed for the successful completion of their Individual Plans for Employment. If the client has Medi-Cal, then DOR will ask them to use that service as a similar benefit to obtain one hearing aid while DOR purchases the other one.

**CALIFORNIA STATE EMPLOYEES**  
(888) 225-7377  
(877) 249-7442 (Toll Free)  
Website: [www.calpers.ca.gov/index.jsp?bc=/member/health/home.xml](http://www.calpers.ca.gov/index.jsp?bc=/member/health/home.xml)

Basic healthcare plans for California state employees provide a $1,000 allowance for hearing aids every 36 months.

**DISABLED CHILDREN'S RELIEF FUND**  
(516) 377-1605  
(516) 377-3978 (Fax)  
Website: [dcrf.com](http://dcrf.com)

This charitable organization grants applications that may be used for modest awards for assistive devices such as hearing aids. Applications are available between April and September.

**HEAR NOW**  
6700 Washington Avenue South  
Eden Prairie, MN 55344  
(866) 354-3754 (Voice)  
(952) 828-6000 (Fax)  
Website: [www.starkeyhearingfoundation.org/hear-now.php](http://www.starkeyhearingfoundation.org/hear-now.php)

This is a national non-profit program committed to assisting deaf and hard of hearing persons with limited financial resources.

**THE HEARING FOUNDATION**  
(The Ear of the Lion foundation, Inc.)  
1030 Gettysburg Ave. #100-D  
Clovis, CA. 93612  
(800) 327-8077
This hearing foundation offers assistance to low income individuals for hearing aids, medical/surgical and audiological services.

**THE HIKE FUND (Children)**  
c/o: H.I.K.E. Board Secretary  
10115 Cherry Hill Place  
Spring Hill, FL 34608  
(352) 688-2579 (Voice)  
Website: [www.thehikefund.org](http://www.thehikefund.org)  
E-mail: ceterrill1@aol.com

The Hearing Impaired Kids Endowment (HIKE) Fund collects funds to award to children who are in need of hearing aids or other assistive listening devices with limited financial resources.

**MEDI-CAL**  
(800) 541-5555  
Website: [www.medi-cal.ca.gov](http://www.medi-cal.ca.gov)

If you currently are a recipient of Medi-Cal benefits, you may obtain hearing aids through the program.

**MIRACLE-EAR® CHILDREN’S FOUNDATION (Children)**  
(800) 464-8002  
Website: [www.miracleear.com/childrenrequest.aspx](http://www.miracleear.com/childrenrequest.aspx)

 Miracle-Ear® Children’s Foundation provides free hearing aids and services to children from low-income families.

**SERTOMA**  
(816) 333-8300  
Website: [www.sertoma.org](http://www.sertoma.org)

This service organization is dedicated to helping people with speech, language and hearing disorders. Individuals clubs within the state may help with hearing aid funding.

**TPA SCHOLARSHIP FOR THE DEAF AND NEAR DEAF**  
The Travelers Protective Association of America  
3755 Lindell Boulevard  
St. Louis, MO 63108  
(314) 371-0533  
(314) 371-0537 (Fax)
The Travelers Protective Association of America Scholarship Trust for the Deaf and Near Deaf provides financial assistance to individuals of all ages who suffer deafness or hearing impairment.

NOTE: Completed application must be returned by March 1st of each year. TPA Trustees review all applications on file in April, notifies recipients in May, and checks are mailed after August 1st. Recipients may receive additional aid and must complete a new application each time they seek additional help.

**VETERAN'S ADMINISTRATION (VA)**
California Department of Veterans Affairs
(800) 952-5626
(800) 324-5966 (TTY)
(800) 221-8998 (Outside California)
Website: [www.cdva.ca.gov](http://www.cdva.ca.gov)

If you are a veteran of the armed services and you think your hearing loss may be service-connected, you may be eligible for assistive technology devices and services through the Veteran’s Administration (VA). Your local VA office will be able to refer you to the appropriate VA medical facility for assistance.

**COCHLEAR IMPLANT ASSISTANCE PROGRAMS**

The organizations listed below may offer financial assistance to people with limited incomes towards the purchase of cochlear implants.

**GIFT OF HEARING FOUNDATION**
(617) 661-4327
Website: [www.giftofhearingfoundation.org](http://www.giftofhearingfoundation.org)
E-mail: info@giftofhearingfoundation.org

The Foundation will provide support to a select number of economically disadvantaged cochlear implant candidates.

**HEARING FOR CHILDREN**
(503) 266-6576
(503) 266-6418 (Fax)
Website: [www.h4c.org](http://www.h4c.org)
E-mail: webmaster@h4.org

Hearing for Children is a charitable organization dedicated to making cochlear implants available worldwide to as many needy and deserving deaf children and adults as possible.
If you currently are a recipient of Medi-Cal benefits, you may obtain cochlear implants through the program.

MEDICARE
(800) 633-4227
Website: www.medicare.gov

Medicare is authorized to cover cochlear implants, but will not cover payments for hearing aids.
The California Home for the Adult Deaf (CHAD), a facility owned by the California Association of the Deaf, is a licensed 24-bed residential facility exclusively for individuals who are deaf and hard of hearing. Residents come from all over the United States to take advantage of Southern California’s weather and abundance of recreational opportunities for seniors who are deaf.

FREMONT OAK GARDENS (FOG)
2681 Driscoll Road
Fremont, CA 94539
(510) 490-4013

Satellite Senior Homes, Inc. (SH) and the Bay Area Coalition of Deaf Senior Citizens (BACDSC) as co-sponsors have developed Fremont Oak Gardens, the first affordable housing facility for seniors who are deaf in Northern California. The design, amenities and supportive service plan of this 51-unit building are designed to meet the special needs of senior citizens who are deaf in the city of Fremont as well as the greater Bay Area and Northern California.
MEDICAL RESOURCES

MEDI-CAL AND MEDICARE

Many California residents who have a hearing loss may be eligible for two medical, public assistance programs. One is Medi-Cal, which is California’s name for the federal Medicaid program. The other is Medicare, a federal program designed to help with the cost of medical and hospital care for elderly and disabled persons.

MEDI-CAL

The Medi-Cal program is a state and federally funded program for low income people that is administered by each county in California. To learn more about the Medi-Cal program and to find out about eligibility requirements for these services, contact your local county welfare or social services office. A listing of these offices may also be found at the following website: www.dhcs.ca.gov/services/medi-cal/Pages/CountyOffices.aspx.

Medi-Cal pays for medically necessary treatment services, medicines, medical supplies, and durable medical equipment, such as hearing aids, canes, crutches, walkers, and wheelchairs, etc. A person is automatically eligible for Medi-Cal if he/she is receiving Supplemental Security Income (SSI) or In-Home Supportive Services (IHSS). Even if someone is not receiving benefits from these programs, he/she may still be eligible if he/she has low income and limited resources.

Medi-Cal provides a number of services to people with limited resources including, but not limited to:

- Physician services
- Inpatient hospital care
- Outpatient hospital care
- Laboratory and X-ray services
- Skilled nursing facility services
- Home health services
- Rural health clinic services
- Pharmacy services (Medications)
- Medical transportation
- Equipment such as wheelchairs, hearing aids, and cochlear implants
- Vision services
- Long term care
- Physical therapy
- Occupational therapy
- Speech therapy
- Audiology
MEDICARE

Medicare is a federal health insurance program for aged and disabled persons. If you have questions about Medicare or want to apply for benefits, call Social Security at the numbers listed below and make sure to have your social security number ready when you call:
(800) 633-4227 (Voice)
(877) 486-2048 (TTY)
Website for Social Security: www.ssa.gov
Website for Medicare: www.medicare.gov
Website for Medicare Benefits: www.ssa.gov/pgm/links_medicare.htm
Website for Social Security Office Locator: secure.ssa.gov/apps6z/FOLO/fo001.jsp

For general Medicare information, ordering Medicare booklets, and information about health plans, Medicare may be contacted 24 hours a day, 7 days a week at:
(800) 633-4227 (Voice)
(877) 486-2048 (TTY)

Entitlement to Medicare services, unlike Medi-Cal, is not based on an individual’s financial status. Rather, it is a health insurance program funded through employer and employee payroll taxes. To qualify for Medicare, an individual must be:

- Receiving Social Security benefits;
- A retired employee of the federal government; or
- Receiving Railroad Retirement benefits.

For people who are not disabled, eligibility for Medicare begins at age 65, even if they opted to begin receiving Social Security Retirement benefits at age 62. Persons under the age of 65, who are disabled, may be eligible for Medicare if they have received Social Security or Railroad Retirement Disability benefits for at least 24 months. The disabled adult child of a Medicare recipient, or deceased Medicare recipient, is also eligible to receive Medicare benefits.

Medicare Administration
The Medicare program is administered locally by private insurance companies who are called “carriers.” The Health Care Financing Administration (HCFA), a federal agency within the U.S. Department of Health and Human Services, contracts with private insurance companies in each area of the country to process claims for benefits from people who are enrolled in Medicare. You apply for Medicare at your local Social Security office and questions concerning benefits should be directed there as well. Locate the Social Security office nearest your residence at secure.ssa.gov/apps6z/FOLO/fo001.jsp.

Medicare Benefit Structure
Medicare benefits are divided into Parts A and B. Medicare Part A covers hospital care, nursing home and home health care services. Medicare Part B covers outpatient
hospital care, physician services, physical therapy, medical transportation, durable medical equipment (cochlear implants, wheelchairs, walkers, etc.) and other services and procedures.

**Medicare Part A**
Medicare Part A covers institutional, or hospital, and similar types of care. It is free for those who have contributed to Social Security. For those who have not contributed, Part A can be purchased by persons over 65.

**Medicare Part B**
Medicare Part B services include:
- Physicians’ services
- Outpatient hospital services
- Rural health clinic care
- Outpatient Rehabilitation
- Physical and Occupational Therapy
- Speech Pathology
- Prosthetic devices
- Durable medical equipment
- Diagnostic tests
- Certain preventive services

There is an initial deductible per year for Part B services. This amount is satisfied only by the recipient paying charges that Medicare would allow, which may be less than the full amount of the bill. In addition, recipients are responsible for paying a 20 percent co-payment for most services and devices provided under Part B. Under certain circumstances, physicians and other providers are allowed to charge more than Medicare will pay. You, the beneficiary, are required to pay for these extra charges.

Although physicians and suppliers may charge more than Medicare allows, some have agreed to provide services and equipment on an “assignment” basis. This means that they will accept the amount that Medicare allows for a service or device as payment in full without making any additional charge. Medicare pays 80 percent of this allowed amount and you, the beneficiary, must pay the remaining 20 percent. If a supplier has not agreed to assignment, the full market price may be charged. The beneficiary is expected to pay any amount which exceeds what Medicare allows.

**ADDITIONAL MEDICAL RESOURCES**

**CALIFORNIA DEPARTMENT OF HEALTH CARE SERVICES (DHCS)**
(916) 445-4171 (Voice)
Website: [www.dhcs.ca.gov](http://www.dhcs.ca.gov)

The DHCS is a department within the California Health and Human Services Agency. DHCS’ mission is to preserve and improve the health status of all Californians. DHCS works closely with health care professionals, county governments and health plans to
provide a health care safety net for California’s low-income population and persons with disabilities. Programs within the DHCS include California Children’s Services, the Hearing Conservation Program and the Newborn Hearing Screening Program.

**California Children’s Services (CCS)**
- CCS General Website: [www.dhcs.ca.gov/services/ccs](http://www.dhcs.ca.gov/services/ccs)
- CCS Offices Website: [www.dhcs.ca.gov/services/ccs/Pages/CountyOffices.aspx](http://www.dhcs.ca.gov/services/ccs/Pages/CountyOffices.aspx)

California Children’s Services (CCS) is a state program for children with certain diseases or health problems. Services are provided through the CCS offices at county office locations. Through this program, children up to 21 years old can get the health care and services they need. CCS will connect you with doctors and trained health care people who know how to care for your child with special health care needs.

**Hearing Conservation Program (HCP)**
Website: [www.dhcs.ca.gov/services/hcp](http://www.dhcs.ca.gov/services/hcp)

The DHCS’ Children’s Medical Services (CMS) Branch has implemented a statewide comprehensive Hearing Conservation Program (HCP). The HCP helps to identify hearing loss in preschoolers to 21 years of age in public schools, through the Child Health and Disability Prevention programs, as well as, other state supported programs.

**Newborn Hearing Screening Program (NHSP)**
Website: [www.dhcs.ca.gov/services/nhsp](http://www.dhcs.ca.gov/services/nhsp)

The DHCS’ Children’s Medical Services (CMS) Branch has implemented a statewide comprehensive Newborn Hearing Screening Program (NHSP). The NHSP helps identify hearing loss in infants and guide families to the appropriate services needed to develop communication skills.

**COMMUNICATING WITH PEOPLE WHO ARE DEAF OR HARD OF HEARING IN HOSPITAL SETTINGS**
American with Disabilities Act (ADA) Business Brief
Department of Justice ADA Information Lines:
(800) 514-0301 (Voice)
(800) 514-0383 (TTY)
ADA Website: [www.ada.gov](http://www.ada.gov)
Business Brief Website: [www.ada.gov/hospcombr.htm](http://www.ada.gov/hospcombr.htm)

Under the ADA, hospitals must provide effective means of communication for patients, family members, and hospital visitors who are deaf or hard of hearing. Effective communication is particularly critical in health care settings where miscommunication may lead to misdiagnosis and improper or delayed medical treatment. This publication discusses critical aspects of the provision of communication service to persons with hearing loss in hospital settings.
DEAFDOC
3255 Brighton – Henrietta Town Line Road, Suite 100
Rochester, NY  14623
(585) 271-7004 X 2 (Voice and Relay)
(585) 643-1232 (Videophone)
(585) 271-3826 (Fax)
Website:  www.deafdoc.org
E-mail:    deafdoc@deafdoc.org

DeafDOC.org is a website with free, healthcare information for the deaf and hard of hearing community. Medical questions and answers as well as dictionary terms are presented in video format. DeafDOC has separate areas for the deaf and hard of hearing communities; interpreters; and healthcare and educational providers, etc.

DEAFMD.ORG
P.O. Box 2141
Westminster, MD  21158
Website:  www.deafmd.org

This website, created using resources from the Centers for Disease Control and the National Institutes of Health, translates complex medical information into American Sign Language (ASL) format for the Deaf and hard of hearing community. The site is divided into four sections, Diseases & Illnesses, Understanding Tests, News, and Find a Deaf Friendly Doctor and all informational material is presented via video in ASL and in printed format.
ORGANIZATIONS AND ASSOCIATIONS

NATIONAL ORGANIZATIONS
ADARA National Office
P.O. Box 480
Myersville, MD  21773
Website:  www.adara.org/
E-mail:  timsteinmf1@yahoo.com  (California Chapter)

ADARA is designed to expand networking opportunities, to enhance professional competencies and to support public policies for the facilitation of human service delivery to individuals who are deaf or hard of hearing. Membership includes, but is not limited to: rehabilitation personnel; program administrators and coordinators; mental health workers; educators; social workers; interpreters; students; hearing aid personnel; secretaries; lawyers; audiologists; speech therapists; physicians; psychologists; medical personnel; organizations and other specialists in the field. ADARA is also of interest to many parents and laypersons who work with persons who are deaf or hard of hearing.

ALEXANDER GRAHAM BELL ASSOCIATION FOR THE DEAF AND HARD OF HEARING
3417 Volta Place, NW
Washington, DC  20007
(202) 337-5220 (Voice)
(202) 337-8314 (Fax)
Website:  nc.agbell.org/netcommunity/page.aspx?pid=348
E-mail:  info@agbell.org

The purpose of the Alexander Graham Bell Association is to advocate independence through listening and talking. The membership consists of parents and families of children who are deaf or hard of hearing, professionals in the field of hearing health care and deaf education, as well as oral deaf adults who are dedicated to keeping the oral option alive in California.

AMERICAN SOCIETY FOR DEAF CHILDREN (ASDC)
800 Florida Avenue NE, # 2047
Washington, DC  20002
(800) 942-2732 (Hotline)
Website:  www.deafchildren.org
E-mail:  asdc@deafchildren.org

This parent-helping-parent organization advocates that deaf children should have intervention by qualified providers, total family involvement and educational opportunities similar to those afforded to hearing children. ASDC believes that parents need education, access to information and support so that their children have every
resource available which enables these children to become self-supporting and fulfilled adults.

**AMERICAN TINNITUS ASSOCIATION**
(800) 634-8978 (Voice)
(503) 248-9985 (Voice)
(503) 248-9985 (Fax)
Website: [www.ata.org](http://www.ata.org)
E-mail: tininnitus@ata.org

**Physical Address**
522 S.W. Fifth Avenue, Suite 825
Portland, OR  97204

**Mailing Address**
P.O. Box 5
Portland, OR  97207

This organization provides information about tinnitus, referrals to local hearing professionals and support groups (nationwide), funds scientific research related to tinnitus, and conducts workshops for professionals.

**ASSOCIATION OF LATE-DEAFENED ADULTS (ALDA), INC.**
8038 Macintosh Lane, Suite 2
Rockford, IL  61107
(815) 332-1515 (Voice/TTY)
Website: [www.alda.org](http://www.alda.org)
E-mail: info@alda.org

International resource and information center for adults who are late-deafened. This organization focuses on increasing public awareness of the special needs of adults who are late-deafened.

**CHILDREN OF DEAF ADULTS (CODA)**
Website: [www.coda-international.org/blog/](http://www.coda-international.org/blog/)
E-mails: mkcollier@comcast.net
codaboard.ab@gmail.com
codamembership@gmail.com

CODA is an international organization that focuses on hearing children of deaf adults. Membership is primarily, but not exclusively, composed of hearing children of deaf parents. CODA addresses bicultural identity through conferences, support groups and resource development.
DEAF QUEER RESOURCE CENTER (DQRC)
P.O. Box 14431
San Francisco, CA 94114
Website: www.deafqueer.org

DQRC is a national nonprofit resource and information center for, by and about the Deaf Lesbian, Gay, Bisexual, Transgender, Transsexual, Intersex and Questioning communities.

DEAF WOMEN UNITED, INC. (DWU)
P.O. Box 91341
Austin, TX 78709
Website: www.dwu.org
E-mail: dwupresident@gmail.org

The mission of DWU, an organization that is of, for and by Deaf women, is to promote the interests of deaf and hard of hearing women in North America through education, advocacy, empowerment and a support network.

HEARING LOSS ASSOCIATION OF AMERICA (HLAA)
7910 Woodmont Avenue, Suite 1200
Bethesda, MD 20814
(301) 657-2248
Website: www.hearingloss.org
Chapter Listings: www.hearingloss.org/chapters/index.asp

HLAA is the nation’s largest organization for people with hearing loss. The philosophy of HLAA is to open the world of communication for people with hearing loss through information, education, advocacy and support. National conferences generate revenue for the twelve state organizations, raise awareness of HLAA in each state and bring in new members. State organizations run these conferences, build coalitions with other state agencies, promote advocacy and legislation to get hearing aid insurance coverage as well as participate in state advisory boards.

NATIONAL ASSOCIATION OF THE DEAF (NAD)
8630 Fenton Street, Suite 820
Silver Spring, MD 20910
(301) 587-1788 (Voice/VP)
(301) 587-1789 (TTY)
(301) 587-1791 (Fax)
Website: www.nad.org
California Chapter Affiliate: www.cad1906.org/

This consumer organization advocates equal access for deaf and hard of hearing individuals in the areas of education, employment, telecommunication, human services and rehabilitation. Through the NAD Interpreter Assessment and Certification Program,
NAD provides evaluation and certification of qualified candidates to serve as sign language interpreters.

NATIONAL BLACK DEAF ADVOCATES (NBDA)
c/o Sharon White, Secretary
P.O. Box 32
Frankfort, KY 40602
Website: www.nbda.org/
E-mail: secretary@nbda.org

The Mission of the NBDA is to promote the leadership development, economic and educational opportunities, social equality, and to safeguard the general health and welfare of Black deaf and hard of hearing people.

NATIONAL DISSEMINATION CENTER FOR CHILDREN WITH DISABILITIES (NICHCY)
1825 Connecticut Ave NW, Suite 700
Washington, DC 20009
(800) 695-0285 (VOICE/TTY)
(202) 884-8200 (VOICE/TTY)
(202) 884-8441 (Fax)
Website: www.nichcy.org
Email: nichcy@fhi360.org

NICHCY serves the nation as a central source of information on: disabilities in infants, toddlers, children, and youth; IDEA which is the law authorizing special education; No Child Left Behind, which relates to law regarding equal education for all children; and research-based information on effective educational practices.

REGIONAL ORGANIZATIONS

BAY AREA ASIAN DEAF ASSOCIATION (BAADA)
PO Box 210451
San Francisco, CA 94121
E-mail: baadanacdc@gmail.com

BAADA’s mission is to promote personal and community development, network, cultural awareness, education, advocacy and the interests of the Asian Deaf and Hard of Hearing Community of San Francisco Bay Area. BAADA also enhances the celebration of cultural diversity in our community.
CALIFORNIA ASSOCIATION OF THE DEAF (CAD)
Website: www.cad1906.org/
Chapter Listings: www.cad1906.org/chapters/statewide

CAD is a consumer organization, which is a part of the National Organization for the Deaf (NAD), has local, regional offices that advocate equal access for deaf and hard of hearing individuals in the areas of education, employment, telecommunication and rehabilitation. Through the NAD Interpreter Assessment and Certification Program, these chapters provide evaluation and certification of qualified candidates to serve as sign language interpreters.

HEARING LOSS ASSOCIATION OF CALIFORNIA (HLA-CA)
Website: www.hearinglossca.org/
Chapter Listings: www.hearinglossca.org/html/chapters.htm
National E-mail Listing: info@hearingloss.org

The national organization, Hearing Loss Association of America, is the nation’s largest organization for people with hearing loss. The philosophy of HLAA is to open the world of communication for people with hearing loss through information, education, advocacy and support. The California region for the HLAA assists the national organization with their mission. The HLA-CA has Northern and Southern state coordinators which help administer the individual chapters.

SOUTHERN CALIFORNIA ASIAN DEAF ASSOCIATION (SCADA)
P.O. BOX 5336
Torrance, CA  90510
Website: scadausa.org/about.html
E-Mail: scada@scadausa.org

The mission of SCADA is to promote Asian American cultural diversity and awareness for Deaf and Hard of Hearing individuals in Southern California. SCADA encourages Asian Deaf and Hard of Hearing individuals to explore and address cultural, educational, and social issues and to become empowered and develop their leadership potential in our community.

SOUTHERN CALIFORNIA ASSOCIATION OF THE DEAF AND HARD OF HEARING (SCADHH)
P.O. Box 1892
Tustin, CA  92781
(714) 564-1670 (Fax)
(603) 754-8320 (Fax)
Website: www.angelfire.com/ca3/SCADHH/
E-mail: deaf@activist.com

This organization is run by people with different ranges of hearing disabilities and who also use differing modes of communication. This is primarily an advocacy organization which focuses on improving employment and education for deaf and hard of hearing persons.
SIGN LANGUAGE INTERPRETING

Qualified interpreters are skilled professionals who adhere to a strict code of ethics and facilitate communication between two parties that do not share the same language. American Sign Language (ASL) has a linguistic structure quite different from English, so a skilled interpreter must be able to interpret effectively, accurately, and impartially both expressively (voice-to-sign) and receptively (sign-to voice) in any given communication situation.

Section 504 of the Rehabilitation Act of 1973 and Title II and Title III of the Americans with Disabilities Act (ADA), as well as other state and federal laws require the provision of auxiliary aids and services (i.e., interpreting services) necessary to ensure effective communication with deaf, hard of hearing or deaf-blind individuals. An interpreter should be certified by either the Registry of the Interpreters for the Deaf (RID), the National Association of the Deaf (NAD) or the American Consortium of Certified Interpreters (ACCI).

Each individual that requires interpreting services is unique with differing communication needs. Interpreters are matched to clients based on these needs, certification level, experience and other factors. Specialized credentials are available for educational and legal settings. There are numerous types of interpreting situations such as:

- **ASL/English Interpreter** (translation between ASL and spoken English)
- **Transliterator** (translation between English-based sign language and spoken English)
- **Oral Interpreter** (words are silently mouthed and gestures are used to convey spoken English)
- **Tactile Interpreter** (translation for deaf-blind individuals where the client places his/her hands on the interpreter’s so as to feel the formation of signs)
- **Low Vision Interpreter** (for individuals with vision impairments that can only read signs at close range)
- **Deaf Interpreter** (using a deaf person as an intermediary between a hearing person and another deaf, deaf-blind or hard of hearing person)
- **Trilingual Interpreter** (translating from English to ASL to Spanish - or some other language)
- **Video Interpreter** (providing services from a remote location, through video conferencing technology)
ETIQUETTE WHEN USING A SIGN LANGUAGE INTERPRETER

- Look at the person when signing/speaking to them, not at the interpreter.

- Look at the person who is signing/speaking to you, even though this may feel awkward since the message is coming through an interpreter.

- Address the person directly:
  Appropriate communication: "Where were you born?"
  Inappropriate communication: "Ask him where he was born."

- When possible, please share any notes, outlines, or handouts with the interpreter in advance, or at the very least, provide a copy of these items to the interpreter during the assignment.

- If, during the assignment, you plan to turn down the lights, remember to leave enough lighting on the interpreter.

- The interpreter may ask for specific seating/positioning to facilitate the best viewing angles for himself/herself and for the client.

- Sign/speak in your normal tone of voice at a moderate pace. The interpreter will tell you if you need to pause, slow down or repeat the information.

- People sometimes read aloud in a different manner than they typically sign or speak. When reading extensively from written materials, consider supplying a copy to the audience and the interpreter. Be aware of the pace of your signing/speech, especially when reading aloud.

- Be aware that the interpreter should interpret everything said, so avoid discussing subjects you don’t wish the deaf/hard of hearing person to know.

- When separated from the person you are communicating with, avoid giving messages to the interpreter to relay at a later time to the individual.

- Relax. If you are unsure of the appropriate way to proceed in a particular situation, just ask.
SIGN LANGUAGE INTERPRETER SERVICE INFORMATION IN CALIFORNIA

One source for finding a referral for a qualified interpreter is to contact one of the eight regional Deaf Access Program (DAP) service providers. For the nearest office please access the DAP Service Provider listing at: www.cdss.ca.gov/cdssweb/PG131.htm.

RID is a national membership organization representing the professionals who facilitate communication between people who are deaf or hard of hearing and people who can hear. Interpreters serve as professional communicators in a vast array of settings such
as: churches, schools, courtrooms, hospitals and theaters, as well as on political
grandstands and television. RID has a tri-fold approach to the standards it maintains for
membership: First RID strives to maintain strict adherence to a nationally recognized
industry standard for testing. They also have a certified maintenance program for
interpreters so that they may continue their skill development. Thirdly, RID has an
ethical practices system in conjunction with the National Association of the Deaf (NAD).

Listed below are links on the RID website for various topics:

- Code of Professional Conduct: www.rid.org/ethics/code/index.cfm
